VOTE OF THANKS TO SPONSORS

We, The Engineering and Technology Society, express our deepest gratitude and extend a heartfelt vote of thanks to our esteemed sponsors, **Westside, Globus: Infocom ltd, LiveClefs: The talent hub, OnCall, Ficcess events, State Bank of India, Campus Events, Artist management , AgroGear, Punjab & Sind Bank, Edison Hub** for your invaluable support and generosity.

First and foremost, we would like to thank you all for believing in our vision and mission. Your commitment to our cause has been truly remarkable, and your sponsorship has played a crucial role in making this event a resounding success. We are immensely grateful for your trust in our organization and your willingness to stand by us every step of the way.

The unwavering support of yours has had a profound impact on our ability to deliver an exceptional experience to all the participants, attendees, and stakeholders involved. Your financial contribution has enabled us to provide top-notch facilities, resources, and services that have elevated the overall quality of this event.

Moreover, you have not only provided us with financial assistance but have also shared your expertise and industry knowledge, offering invaluable guidance and advice throughout the planning and execution process. Your valuable insights have helped us navigate challenges and make informed decisions, ensuring a smooth and successful event.

We also want to express our gratitude for the partnership that has blossomed between our organizations. The synergy between our shared values and goals has resulted in a fruitful collaboration that goes beyond the boundaries of this event. The trust and collaboration we have built will undoubtedly serve as a solid foundation for future endeavors together.

Your hard work, dedication, and passion has been truly inspiring. We are grateful for the countless hours you have invested in supporting us, and your commitment to excellence has been evident in every aspect of our partnership.

Last but not least, we would like to express our profound gratitude to all the individuals [associated], from the leadership to the staff members, who have contributed to this partnership. Your collective effort, enthusiasm, and generosity have made a lasting impact on our organization and the success of this event.

In conclusion, we cannot emphasize enough how grateful we are to **Westside** for their unwavering support, trust, and commitment. Their sponsorship has been instrumental in our ability to create a memorable and impactful event. We look forward to continuing this journey together, working hand in hand to create positive change and make a difference in our community.

Thank you once again for being an exceptional partner. Your belief in our cause and your contribution have made a significant difference, and we are truly honored to have you by our side.

– A report by LOGISTICS BUREAU

The National Level Technical Fest 2023 was a 3-day, 3-night phenomenon organized by the Engineering and Technology Society of College of Technology, Pantnagar. The multifarious events of the fest were held at various locations within the college premises. The occasion was a grand celebration of talent, skills and creativity, which allowed the students to showcase their skills and compete in a range of events. From music and dance to art and literature to codes and games, Colosseum'23 had something for everyone. The fest was inaugurated by chief guest Dr. Deepa Vinay, registrar, Govind Ballabh Pant University of Agriculture & Technology Pantnagar and Dean Dr. Alaknanda Ashok of College of Technology on 19th May 2023 at 4 p.m. at NCT.

With its vibrant energy and enthusiastic participation, Colosseum'23 was a testament to the spirit of youthfulness and creativity. This report aims to highlight the key moments of this magnificent event that left an indelible mark on all those who were present.

Some photos from the inauguration are:

Celesta – The DJ Night

The DJ night was held on the second night of the fest, on Saturday, 20th May 2023 with the entries being open at 5 p.m. Itwas a huge success, with DJ Viktone taking the stage and captivating the audience with his electrifying music. The crowd was pumped up and danced throughout the evening, as the DJ spun popular tracks that kept everyone entertained. His energy was infectious, and everyone had a great time. The lighting and sound systems were top-notch, adding to the overall experience.

Security measures were also taken into consideration as a large number of students were expected to attend the event.

The excitement of the DJ night with DJ Victone was palpable from the moment he hit the stage. The crowd went wild as he started playing his high-energy tracks, and it seemed like everyone at the venue was dancing and jumping to the beat. The atmosphere was electric as he seamlessly mixed different genres of music, keeping everyone on their toes and engaged throughout the night. The crowd cheered every time he dropped a new track, and there wasn't a single person in the room who wasn't completely engrossed in his performance. His stage presence was incredible, and it was clear that he knew how to work a crowd.

CONCLUSION:

Overall, it was an unforgettable experience that left everyone wanting more.The dance by the crowd when the dean joined in was definitely one of the highlights of the festival. In conclusion, it was an unforgettable night filled with amazing music and good vibes!

CORROBORE – The celebrity night

Primary details of the event:

Date: 21st MAY 2023
Time: 9 PM ONWARDS
Venue: CONVOCATION GROUND PANTNAGAR

The third and the final night, which culminated the fest was Corrobore, the celebrity night, held on 21st May 2023. Ankit Tiwari, the renowned Bollywood singer, set the stage on fire at the celebrity night event. His performance was nothing short of spectacular as he belted out hit after hit, captivating the audience with his melodious voice and electrifying energy.

The crowd went wild as Tiwari crooned some of his most popular songs, including "Galliyan" and "Sun Raha Hai Na Tu". The crowd was thrilled as he took to the stage and mesmerized them with his soulful voice and powerful lyrics. Ankit's energy and enthusiasm were infectious, and he had everyone on their feet dancing and singing along. The entire atmosphere was electrifying, and Ankit's performance was undoubtedly the highlight of the fest.

His soulful rendition of these tracks left everyone spellbound. The singer also interacted with his fans which added a personal touch to the show.

It was followed by a formal vote of thanks by Dr. Alaknanda Ashok, Dean, College of Technology Pantnagar to the artist and felicitating shawl and mementoes to him. A thank you speech by the Chairman, Engineering & Technology Society concluded the event. The Dean praised the entire event a lot. She guided us with her inspirational words and inspired to do better.

CONCLUSION

The concert was a huge success, with fans from all over the university and beyond gathering to watch the singer perform his hit songs. Fans were seen singing along to his popular hits and swaying to the beat of his music. Tiwari's dynamic performance left a lasting impression on everyone present, with many taking to social media to rave about the experience.

Overall, it was an unforgettable night that showcased why Ankit Tiwari is considered one of the most exciting performers in the music industry today. In conclusion, it was the perfect spectacle to mark the end of the sensation that was Colosseum'23.

BEAT WHEELS – VOID RAP SHOW COLOSSEUM 2023

Event Details:

- **Date: 19TH MAY 2023**
- **Time: 7:30 PM ONWARDS**
- **Venue: CONVOCATION GROUND PANTNAGAR - -**
- **Rapper: Void**

Attendance:

The rap show drew An impressive crowd of approximately 1200 people, including students, faculty , and staff members from the College o f Technology. The ground reached near full capacity, creating a vibrant and energetic atmosphere.

Performance:

Rapper Void showcased exceptional talent and stage presence throughout the event. His lyrics were thought-provoking, reflecting on various social and personal issues, and resonated deeply with the audience. Void's performance was characterized by a seamless blend of storytelling, rhythmic flow, and engaging audience interaction, keeping everyone captivated from start to end.

We sincerely thank Void for his exceptional performance and the College of Technology for organizing such an incredible event. We believe that the rap show contributed significantly to the cultural enrichment and growth of our college community.

We have attached a collection of photographs capturing the essence of the rap show for your reference.

Thank you for your attention to this report.

POSTER DESIGNED FOR COLOSSEUM 2023 (LOGISTICSBUREAU)

BUREAU EVENTS:

Colosseum – Bureau Events – A report by Logistics Bureau

The Bureau events held under Logistics Bureau for Colosseum – The National Level Technical Fest 2023 included Paintwall – the wall painting competition, and Panga – the inter branch flash mob dance war. Both the events amassed a huge crowd of participants as well as audience. The spectators were left mesmerized by the showcase of talent in both the events.

1. Paintwall – The Wall Painting Competition

Date: 14th May 2023

Time: 8 AM – 2 PM

Venue: NCT-PCT LAWNS

Participants:200 (38 teams)

The wall painting competition held for the college fest was an exciting and creative event that brought together talented artists from various branches. The event was not only an opportunity for participants to demonstrate their abilities but also a chance for them to express their ideas and opinions through their artwork. The themes for this year's competition were provided on the spot, which encouraged the contestants to incorporate elements of their creative thinking into their designs. The walls around the campus were transformed into vibrant canvases, as the students used various techniques to create stunning works of art. It was fascinating to see how each team approached their task with a unique perspective and artistic style. It was a tough decision for the judges as all teams had put in an incredible amount of effort into their paintings. The winner of the competition was an abstract masterpiece with bold strokes and contrasting shades.

Overall, the wall painting competition was a huge success, with numerous entries displaying exceptional talent and creativity that left a lasting impression on everyone who witnessed it.It not only provided a

platform for students to showcase their artistic talents but also added a vibrant and colorful touch to the campus.

2. PANGA – the Inter Branch Flash mob War

Date: 19th May 2023

Time: 3 PM

Venue: NCT PCT LAWNS

Participants: 80 (8 teams)

Panga is an inter branch flash mob dance war that has taken the college fest scene by storm. It is a unique competition where students from different branches of the college come together to battle it out on the dance floor. The aim of Panga is not only to showcase dancing skills but also to promote teamwork, creativity, and confidence among participants.

The event was held on Saturday, 19th May 2023 at the P.C.T. Lawn at 3 p.m.

Each team can have a minimum of 6 and a maximum of 10 members with the performance duration being 3-5 minutes. Training and preparation for Panga is crucial to ensure a successful performance. So, the themes were provided 2 days ahead of the competition to allow the participants to learn the choreography thoroughly and practice regularly to achieve coordination and synchronization. Participants should also focus on expressing their individuality while staying true to the overall theme of the performance.

Its impact on the college festivals and students is immense. The event brings together students from different branches of the same college and promotes unity and team spirit. The audience showed their appreciation for the participants by hooting and cheering during the entirety of performance.

In conclusion, joining the Panga movement is a great way to showcase your creativity and talent while having fun. It is an opportunity to break free from the monotony of routine and step out of your comfort zone. The inter branch flash mob dance war creates a sense of unity and belonging among participants, as they collaborate with individuals from different departments.

REPORT ON EVENTS BY THE SCIENCE & LITERARY BUREAU

1. X-QUIZ-IT: QUIZ COMPETITION

Date: 19 May, 2023

Location: 114 BN Hall

Introduction: The quiz competition, held on 19 May, 2023 at 114 BN hall brought together a large group of participants to showcase their knowledge, quick thinking, and competitive spirit. The event aimed to foster intellectual growth, encourage teamwork, and provide a platform for participants to test their knowledge across various disciplines.

Participants: The competition attracted a significant number of participants in a team of two. There were a total of 45 participating teams in the event.

Format: The quiz competition followed a structured format consisting of several rounds. The organizers designed the rounds to challenge participants' knowledge in various subjects, including history, science, literature, current affairs, and popular culture. Each round had a combination of multiple-choice questions, audiovisual clues, and rapid-fire rounds to keep the participants engaged and maintain the competitive spirit.

Competition Highlights:

• Opening Ceremony: The event began with an engaging opening ceremony, including a welcome speech by the members of organizing committee , an introduction to the rules and format of the competition, and an inspiring talk highlighting the significance of knowledge and continuous learning.

• Preliminary Elimination and Elimination Rounds: The preliminary elimination round consisted of a written examination, which served as a qualifier for the subsequent rounds. A total of 12 teams were selected after preliminary elimination round. Participants had to answer a set of challenging questions within a limited time frame, showcasing their depth of knowledge and critical thinking abilities. After the elimination round, 6 teams were successful.

• Fortune Round: The 6 successful participants from the elimination round proceeded to the fortune round. These rounds included questions regarding 8 different sections- Art and Culture, Politics, Entertainment, Sports, Geography, etc. Each team has to choose one topic from the chits and the questions were asked related to that topic.

• Final Round: The final round witnessed an intense battle among the top 6-performing teams. This round was a buzzer round in which the questions were particularly challenging,

requiring participants to apply their knowledge and think quickly under pressure. The audience was on the edge of their seats, captivated by the intense competition.

• Prize Distribution: The closing ceremony included a prize distribution ceremony to honor the winners. The top-performing teams were awarded with gift hampers and trophies.

Winners: Sanjay Rawat and Bhagyesh Kandpal

1st Runner Up: Aditya and Akshansh

2nd Runner up: Tanishq and Pankaj

2. SALES APPEAL: THE ADVERTISING FUN

DATED: 20 MAY 2023 **TIMING: 9:00 AM-12:00 PM**

College of Technology, Pantnagar organized an annual fest **Colosseum'23** from 19-21 May 2023. Under this fest, The Science and Literary Bureau conducted a advertising stage play which represented sattire, irony and full passion of every branch participating in it.

The event was organized on 20 May, 2023 in T $ P cell area for all the students of every branch of college of technology Pantnagar. All branches with over 95 participants participated in this event.

Every branch was handed a product as per the guidelines and they were supposed to advertise that product with the help of a small skit. The skit consisted of funny elements in order to gain audience and judges attention as well as participants were alloted different characters which were represented by them with full efforts. All participants contributed their part and with teamwork performed very well.

This enhanced their creativity, and ability to perform in front of the big crowd.

4. VOROC: VORTEX OF CREATION

DATED: 21 MAY 2023 TIMING: 10:00 AM-12:00 PM

College of Technology, Pantnagar organized an annual fest ***Colosseum*** from 19-21 May. Under this fest, The Science and Literary Bureau conducted a campus wide treasure hunt competition called *VOROC: Vortex of Creation.*

The event was organized on 21 May, 2023 in ED Hall PCT for all the students of university. 145 teams registered themselves for the event out of which 120 teams participated. Each team consisted of 4-5 members. It was the biggest event of all events with the strength of over 500 participants.

It was a time bound activity and the team that would solve all the clues first would be declared the winner. There were 10 rounds in total. 1st and 2nd round were mass elimination rounds and every clue led to the next location. Various parts of the college premises were used to place the clues. There was a lot of exhilaration as students ran from one college to hostels and canteens scanning all the possible locations of where the tokens might be placed to pass on to the next round. Each clue was in the form of a riddle that hinted the location of the clue and the students thoroughly savored decoding the hints. There was display of tremendous team work and coordination among the group members.

REPORT

N.A.T.I.O.N.S

New Association of Tacit International Order on Nexus among States

ROUND 1 : Elimination Round

Date :18th May 2023

Time :02:00 PM – 05:00 PM

Venue : 114BN NCT

Part - 1

Outline: Part 1 consisted of two sections: Aptitude and General Knowledge. Aptitude and General Knowledge Sections included multiple choice questions(MCQs). The participants were allotted a maximum time of 45 minutes for Part 1.

The questions were from a wide range of aptitude and current affairs domain . The part also consisted of subjective questions which tested the analytical skills of the candidates and forced to think out of the box .

Part-2

Outline: Part 2 consisted of Extempore round. Participants were provided with situational questions and had to response on the spot with a suitable answer.

Rules for participants: The participants were allotted a maximum time of 2 minutes to prepare for the answer and 1 minute to present it.

Participants were provided with situational questions and were asked to provide their views on the same , the situations were from a wide range of social , economic , academic and political issues .

At the end of Round 1, marks of each team were disclosed after the evaluation of both the parts by the organising committee. Top 10 teams proceeded to the next round.

Round 2: Parliamentary Session

Date: 19th May 2023

Time: 10:00 AM - 04:00 PM

Venue: Conference Hall, Mechanical Engineering Department

Part - 1

Outline: Each team was provided with a country at the end of Round 1 and they had to represent it as it's delegates. Delegates had to prepare a Power Point Presentation about the country on the

theme provided to them at the end of round 1 and had to send it to the organising committee before 8 AM 19th May 2023 and had to present it to the jury. Presentation included details of the country given, according to the theme provided to the delegates. During the presentation delegates of other countries raised questions to the presenting country.

Rules for participants: The delegates were alloted a maximum time of 5 minutes for the Presentation and 1 minute for the questions from other countries

Part - 2

Outline: Delegates were provided with certain motions and they had to comment on them and cross questioning was carried between the countries.

Rules for participants: The delegates were allotted a maximum time of 5 minutes to present their views on the motion. The delegates of other countries got a chance to put a question only after the permission from the jury. The jury would first decide whether the question is genuine to be pondered by indicating a red (declined) or a green (accepted) card. Time to respond for each question was 1 minute at most. No cross talk was allowed between the delegates of other countries. Violation lead to negative marking

Team Mexico gave an astounding performance in all the rounds and were declared winners.

REPORT: PHOTOHOLIC CRACK THE CLUES SNAP THE VIEWS EVENT

Date: [20th May, 21st May 2023]

Location: 114 BN NCT, Pantnagar

Duration: 2 Days

Number of Participants Participated: 116

Photoholic "*Crack the Clues Snap the Views"* consisted of four rounds designed to test participants' photography skills, knowledge, and ability to decipher clues. Each round had a specific theme and set of tasks to complete.

Photoholic Crack the Clues Snap the Views successfully provided more than 100 participants with a platform to showcase their photography skills while engaging in challenging tasks. The event encouraged participants to think outside the box, use their creativity, and apply their knowledge of photography in unique ways.

The event's structure, including rounds such as Jumble Words and Clue Hunt, Photo Click Challenge, Song Title Snap, and Shayri Riddles, added variety and excitement to the overall experience. Participants were able to showcase their talent, expand their photography skills, and foster a sense of healthy competition.

Overall, Photoholic Crack the Clues Snap the Views proved to be an engaging and successful event, allowing participants to explore their creativity, challenge their skills, and celebrate the art of photography.

Winners of the Photoholic "*Crack the Clues Snap the Views*"

Position 1- Kunal Tiwari and Nikita Gautam

Position 2- Tanishq Goswami and Nitin Rawat

Position 3- Bhumika Pant and Devanshi Bhatt

Report of event 'Tracksion'

The Branch Chapter of Agricultural Engineering, **'Sprinkler'** organised two events **Wheels on fire** and **Rocket League** under their main event '**Tracksion'** which was held under Colosseum -2023 on the second day that is on 20 May, 2023 between 2-5 pm.

Event-1: Wheels of Fire

Number of participants: 70

Description: Under the 'Wheels on Fire', a track was prepared which was marked with 8 lines, crossing each of which meant earning 5 points and completing the race would earn the participant a total of 40 points. The participants were given Remote Control cars and a time limit of 30 seconds. The event saw how the students who play video game online drive the cars in real life and how adept they are at controlling the cars provided to them at every turn.

Winner: Akash Sundriyal

Event -2: Rocket League

Number of participants:55

Description: Under the 'Rocket League', an arena was prepared in which two players were given the opportunity to participate together and via a toss one was decided as the defendant while the other would be the attacker. A time limit of 45 seconds was set in which the attacker had to burst the balloon attached in the car of the defendant with a pin which was attached on his/ her car. Among the students which participated only a few could complete the task of bursting the balloon. In this event, it was exciting to see who would burst the balloon while at the same time with how much accuracy the defendant is able to save their balloons from bursting.

Winner: Devashish Shukla

Thus, the event came to an end with the students who participated enjoying themselves while driving the remote-control cars.

CHAOS

logic in the mess...

Coordinator: RAJAT PAL (+91 7017226970)

CHAOS

Details of event:

No. of rounds: 3

Round 1 (Elimination Round) :- The first round is always the easiest round. Here 50 Chairs will be arranged in the shuffled manner. Each chair having its own specific number from 1 to

50. First of all the teams will be given a piece of paper and it will be a number. The teams will have to find the chair of that specific number and solve the riddle pasted on that chair. The riddle itself has a number in answer. The contestant will then have to solve the question number which will come as a answer on the laptop and mark the right answer. The rank will decide accordingly.

Round 2:- On the basis of marks and time taken the teams will be selected to this round. In this round teams have to sole different types of puzzle pasted on the different chairs.

Round 3 :- 6 teams out of the total will be selected and the questions will be asked. For very wrong answer team have o perform a task. Failing to task will lead to team elimination. In this way team which will perform the maximum number of task will be insert page

HUMAN CHESS

DATE:	20TH MAY 2023
TIME	9:00 AM ONWARDS
VENUE	CONFERENCE ROOM
NUMBER OF PARTICIPANTS	4 teams (64 participants)

Total 4 teams participated in this contest having 16 members. Each named Team A,B,C and D. In the first round Team A qualified for finals and in second round Team C qualified for the finals. Team A won the final round of **Human Chess** and qualified to play for the next event **Escape room.**

ESCAPE ROOM

DATE:	21ST MAY 2023
TIME:	9:00 AM ONWARDS
VENUE :	EC 201 Department of Electronics and Communication Engineering
NUMBER OF PARTICIPANTS:	12 teams(110participants)

4 Teams those who were qualified from Human Chess were given chance to play for the escape room . On seeing the overwhelming response the event was opened for all. The

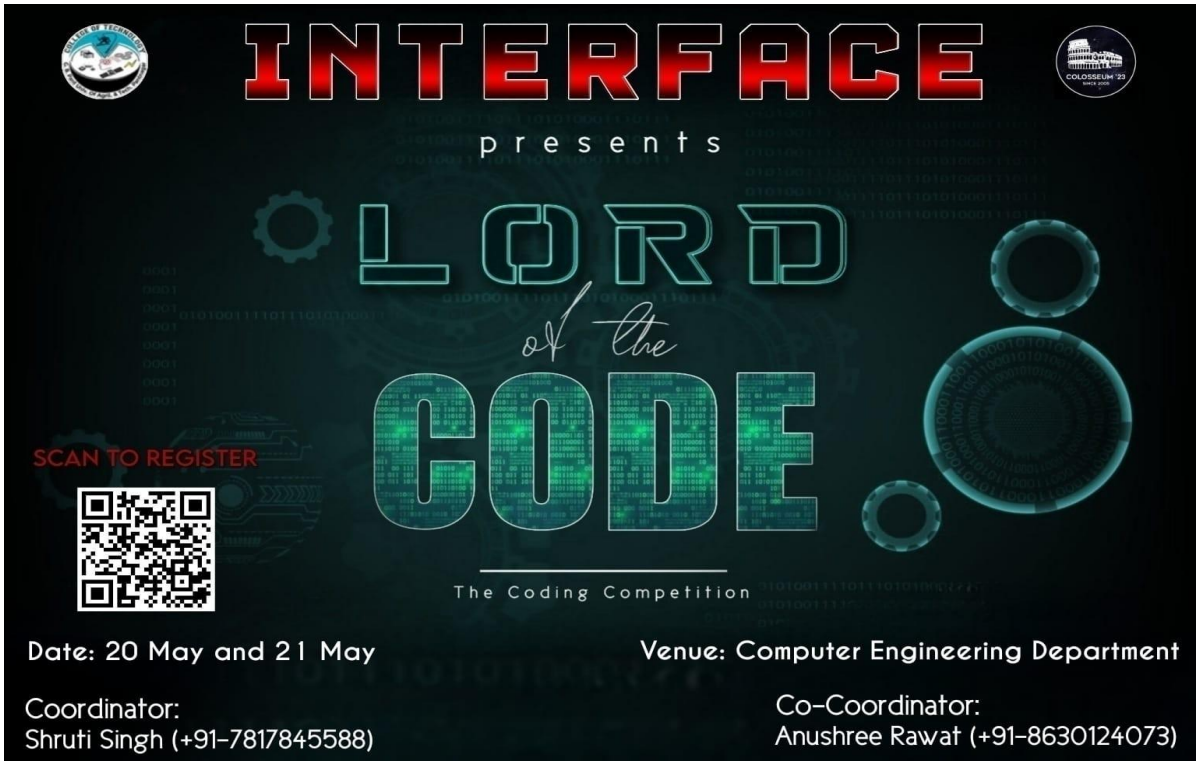
Total 8 teams consisting of 4 members participated for the event.

To successfully escape the room, participants had to solve 9 clues and puzzles.

RESULTS

Unexpectedly, no winner concluded for this eventas no one was able to solve all the puzzles.

Lord of the Code



ROUND 1(Aptitude round)

Lord of the code had two levels, the first level was elimination round in which mental aptitude of the participants was tested, a total of 60 students participated in this event. The venue of the event was software lab. 1st round consists of 50 objective questions that is to be solved in 60 minutes. The Aptitude Multiple Choice Question (MCQ) Test is a comprehensive assessment designed to evaluate the logical reasoning and analytical abilities of participants. Hosted on Google Forms, this test aims to challenge participants' problem-solving skills, critical thinking, and decision-making capabilities.

Purpose:

The purpose of this aptitude test is to identify individuals with strong logical reasoning skills, as these abilities are highly

valued in various academic and professional domains. By presenting participants with a series of carefully crafted MCQs,this test aims to assess their capacity to analyze complex information, make logical deductions, and arrive at sound conclusions.

Structure:

The aptitude test consists of a set of multiple-choice questions,each with a stem or a problem statement, followed by several response options. Participants are required to choose the most appropriate answer from the given options. The questions cover a wide range of logical reasoning topics, including analogies, deductive and inductive reasoning, syllogisms, coding-decoding, puzzles, and more.

Evaluation:

Upon completing the MCQ test, participants receive instant feedback on their performance. The evaluation process includes an automated scoring system that assesses the accuracy of participants' responses. This allows participants togauge their logical reasoning abilities and provides them with valuable insights into areas of strength and areas that require improvement.

ROUND 2(Coding Competition)

The second round was a coding competition in which total 7 questions needed to be solved in 2 hours.The coding contest was hosted in hackkerrank which helped in automatic scoring and faster candidate evaluation 2nd round was meant to push the logical and reasoning abilities and to test the coding skills ofthe participants.

Coding Contest on HackerRank: Igniting the Competitive Spiritin College Students

The Coding Contest hosted on HackerRank is an exhilaratingevent designed to foster the competitive spirit and showcase the coding prowess of college students. With its user-friendly interface and comprehensive coding challenges, this contest provides a platform for participants to test their programming skills, solve real-world problems, and compete against their peers.

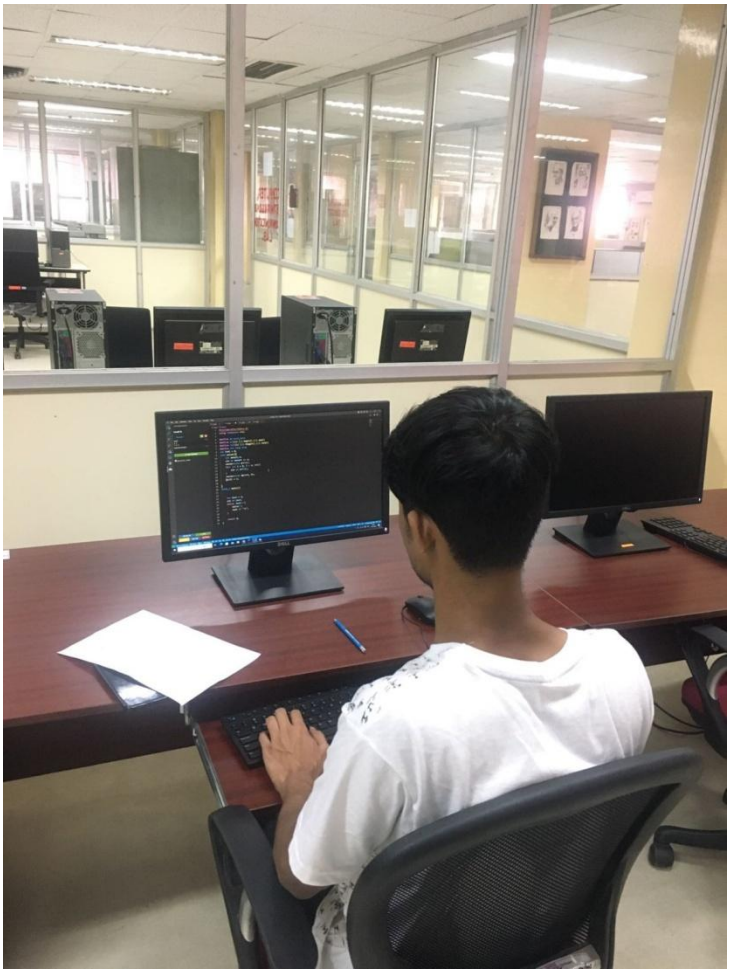
Purpose:

The primary objective of the Coding Contest is to encourage students to apply their coding knowledge and problem-solvingabilities in a competitive environment. By participating in this

contest, students can enhance their coding skills, learn new algorithms and data structures, and gain exposure to real-worldcoding scenarios. Additionally, it offers a platform for participants to network with like-minded individuals and potentially attract the attention of industry professionals.

Structure:

The contest is hosted on the popular coding platform, HackerRank, which provides a seamless and intuitive coding experience. It typically consists of 7 challenges, each featuring a set of coding challenges of varying difficulty levels. The challenges cover diverse programming domains such as algorithms, data structures, dynamic programming,greedy algorithm and more. Participants are required to solve the givenproblems within a specified time limit using their preferred programming language.



Benefits:

1. Skill Development: The contest enables participants to sharpen their coding skills, gain practical knowledge, and enhance their problem-solving abilities.

2. Competitive Environment: Engaging in healthy competition encourages participants to push their boundaries, think creatively, and develop innovative solutions to coding problems.

3. Networking Opportunities: The contest provides a platform for participants to connect with fellow programmers, build professional relationships, and potentially attract the attention of industry recruiters.

Yash Karakoti, Computer Engineering(2rd year) secured first position, Rahul Kumaiya, Information technology (2nd year) was second while Vaibhav Tripathi, Computer Engineering(2nd year) was third.

KURUKSHETRA -THE LAN GAMING EVENT

KURUKSHETRA provides student the thriller of virtual world and the gaming exposure.

200 participants registered in the event for the three games.Valorant

Fifa Tekken

Valorant:

Valorant is the team game that give participants the spirit ofteam work and leadership to the team leader.

There were total 22 teams registered for the valorant.The winner team of the game is T-

Bag

It compromises of following students:Ashutosh Bhatt

Anubhav UniyalVikas

Pundir Anshul Bora

Ayush Martolia

TEKKEN:

Tekken is the PC game that focuses on the attention and thepower to focus of the players.

There were total 84 participants in the Tekken. The 42 participants cleared

the knockout round.Karan Shah And Yash made to semifinals.

The winner of the Tekken was karan shah(informationtechnology) .

FIFA:

FIFA brings the World's Game to life, letting participants playwith the biggest leagues.

There were total 40 participants in the FIFA out of which 20cleared the knockout rounds and proceeded further.

The final round was played between Mohd. Zaid And JatinKarki

Jatin karki was declared as the winner.

INFORMATION REGARDING THE EVENTS:

ENIGMA

It is a two-day quiz competition organized in Colosseum involving participation of students from different colleges. The quiz involves questions from latest web series, movies, anime and many other topics from different OTT Platforms. The quiz will be organized in several rounds with difficulty increasing as the teams qualify for higher rounds.

The event was organized on May 20, 2023. The quiz comprised of four rounds. First two rounds of the event were conducted in the first half from 10a.m. to 12:30p.m. while the third as well as the final round were conducted in the second half. A Total of 38 Entries were recorded for the event. Two teams qualified for the final round namely

1) The Fight Club comprising Sahil Rana(55110) and Mukesh Bhatt(54998) of College of Technology

2) Team Gojo comprising Rishabh Posti(54952) and Vimal Pandey(54959) of College of Technology

Team Gojo won the first prize.

WEB-O-MANIA

This is a website designing contest with the help of tools like HTML, CSS,

Javascript, ReactJS and many others. The twist in this event will be that the themes for each website will be hypothetical and fantasy related topics. The

criteria for judgement would include the design layout and how well they pitch their website.

The event took place on May 20, 2023 from 10:30a.m. till 1:00 p.m. A total of 8 teams of two members each participated in the event. The final winners were Team **Bug.js** comprising Vaibhav Tripathi (57462) and Tanishq Pandey (57649) of College of Technology. A Special Mention was made for Team CRUX from

Graphic Era Hill University, Bhimtal for presenting a unique and creative design.

Name of event: AFACERI : THE BIZZ TECH CORPO RACE

Date of event: MAY 19-20, 2023

Location of event: CONFERENCE ROOM, INDUSTRIAL ANDPRODUCTION ENGINEERING DEPARTMENT,

COLLEGE OF TECHNOLOGY, PANTNAGAR

Number of teams participated: 20 (2 persons each)

Chief Guest : Dr. R. S Jadoun (Dean, College of AgribusinessManagement)

Organized by: GENESIS- THE BRANCH CHAPTER OF INDUSTRIAL ANDPRODUCTION ENGINEERING

Genesis- the branch chapter of industrial and production engineering has successfully completed their biggest corporate event of academic year 2022-2023 under colosseum-2023 with their auspicious events on the right flow such as, BIENVENUE- BRANCH FRESHSERS, ACROASIS- THE GUEST LECTURE .

The event is organized with the motive **"Search of brightest business"** and successfully got a start with the opening of registration form on May 13, 2023. The registration form got a start with the registration of 43+ students from both 1^{st} and 2^{nd} year from whole university out of which 40 students attended the competition with their unique team names.

On the competition day, the event starts with a very generous environment having the students from batch 2019,2020,2021,2022. The competition comprises of the 3 rounds of game having elimination of number of contesting team for the next round each respectively.

ROUND 1: Elimination round- Having elimination of 65% of the number of teams

i.e. 26 participants from 40 participants

ROUND 2: Bidding & pitching round- Having elimination of next 67% of the number of teams

ROUND 3: Case study round - The Final round

The second round started with an energetic vibe of the 7 teams that were ready for the aptitude test. The round comprises of a bidding of 27+ companies having 6700 Cr. as the bidding amount and have to buy 2 companies from 4 different sectors. After some tricky moments the organizing committee was all set to announce the teams that were going to play the next round and they announced the 3 teams with no further delay.

The third round started with some happy faces (that qualified for the 2nd round) and some sad faces (that couldn't qualify). The round again had the same case study round having 25 minutes each to deliver research.

After some up and downs of their emotions and mentality the game is finished, and we got our new

WINNER – TEAM 4

TEAM MEMBERS: 1) Aditya Singh (COT- 2ND YEAR) 2)

Harshit Arya (COA- 1ST YEAR)

With the blessings of our professors and some untouchable experiences of our branch seniors, the event had taken off its flow to meet next year with the same dedication, excitement and uniqueness.

TRAILBLAZER

Description:

In Line follower competition you have to design and Build one automatic robot inother words, an Autonomous robot with specified size/dimensions. Using high- speed motors and fast ability to compete with other Robotics teams on the Trackon the other hand, you have to reach the finish point in less time. While competing, Your Line follower robot must complete all the given tasks mentionedby the organizers.

Participation type:

- Individual or Team
- A team must consist of upto 5 individuals . Multiple teams are allowed from a college.

- A competition in which 18 teams participated 10 teams from round 1 got selected for round 2 on the basis of their BOT's performance.
- Then, 5 teams from round 2 got selected for final round .And after all these challenges. Finally we got our final winners.

WINNERS

1st Position: Team name- ROBOTRONICS

Team members-

1. Ratnesh Joshi
