Weather Summary/Alert:

In the coming five days, moderate to heavy rain may likely to occur and rainfall activity will be more on 7, 8 & 9 October. Maximum & minimum temperature may range from 16.0 to 20.0 deg C & 11.0 to 12.0 deg C respectively. Wind will blow with a speed of 6.0 km/hr from the SE, ESE & ENE direction. As per ERF, rainfall will be below normal and maximum & minimum temperature will be normal in the state from 12 to 18 October. Warning: Thunderstorm accompanied with lightning and intense shower likely to occur at isolated places (up to 25 % area) from 7 to 11 October and heavy to very heavy rainfall at isolated places from 7 to 10 Oct likely to occur.

General Advisory:

Farmers are advised to download the “Meghdoot App” to get past week weather, weather forecast, and agromet advisory and "Damini App" to get lightning information. Keeping in view the forecast and warnings of heavy rainfall in the coming days, farmers should maintain proper drainage system in their fields and store the harvested crop in a safe place. Do not let the rain water collected in the basins of fruit tree and avoid the spraying of chemicals.

SMS Advisory:

In the coming five days, moderate to heavy rain may likely occur and rainfall activity will be more on 8 & 9 October. Farmers are advised to maintain proper drainage system in the field.

Crop Specific Advisory:

Crop(Varieties)	Crop Specific Advisory
-----------------	------------------------

Crop(Varieties)	Crop Specific Advisory
RICE	Keeping in view the forecast and warnings of heavy rains in the coming days, farmers should maintain proper drainage system in their fields and proper storage of harvested crop should be done.
MUSTARD	Keeping in view the forecast and warning of heavy rains in the coming days, sowing of the crop should be postponed.
SOYABEAN	Keeping in view the forecast and warnings of heavy rains in the coming days, farmers should maintain proper drainage system in their fields.
GREEN GRAM	Keeping in view the forecast and warnings of heavy rains in the coming days, farmers should maintain proper drainage system in their fields.

Horticulture Specific Advisory:

Horticulture(Varieties)	Horticulture Specific Advisory
CAULIFLOWER	Keeping in view the forecast and warnings of heavy rains in the coming days, farmers should maintain proper drainage system in their fields.
VEGETABLE PEA	Keeping in view the forecast and warnings of heavy rains in the coming days, farmers should maintain proper drainage system in their fields.

Live Stock Specific Advisory:

Live Stock(Varieties)	Live Stock Specific Advisory
BUFFALO	It is advised that green fodder can be given to the animals by mixing it in dry fodder. Keeping in view the forecast and warnings of heavy rains in the coming days, the farmers should make proper arrangements for the animals to stay and do not let them get wet in the rain.

Poultry Specific Advisory:

Poultry(Varieties)	Poultry Specific Advisory
HEN	Deworming doses should be given to the poultry birds on the recommendation of veterinarian because worms in the poultry birds lessen the production capacity of eggs.
