Weather Summary/Alert:

Moderate rain may likely occur in the coming five days. Maximum & minimum temperature may range from 20.0 to 21.0 deg C & 12.0 to 14.0 deg C respectively. Wind will blow with a speed of 6.0 km/hr from the ESE direction. As per ERFS products, rainfall, maximum & minimum temperature will be normal from 18 - 24 July in the state. Warning: Heavy to very heavy rainfall with lightning likely to occur at isolated places in the coming five days.

General Advisory:

In view of the second wave of Corona (Covid-19), the farmers are advised to follow the guidelines given by the Government of India, personal hygiene, use of masks, washing hands at appropriate intervals during agricultural operations. NDVI & SPI map received from the India Meteorological Department dated indicated that the NDVI ranged between 0.1-0.35 for Nainital i.e. agriculture vigor is moderate in the district. SPI map indicates the mildly wet conditions in the district for the past 4 week. Farmers can download "Meghdoot" and "Damini" mobile apps on their smartphones from Google Play Store for free to get timely weather forecast and district wise Agromet advisory bulletin and lightning information.

SMS Advisory:

Moderate rain may likely occur in the coming five days.
