

**Agenda for P.G. Faculty Meeting (I/2023) to be held on February 2, 2023
at 4:00 p.m. in the Conference Hall, College of Agriculture**

Item No.	Description
I/2023:01	Confirmation of Minutes of I/2022meeting of Board of Faculty (PGS) held on 12/03/2022 (Minutes have been already circulated and are available on university website under College of PGS)
I/2023:02	Review of action taken on the decisions of I/2022meeting of BOF (PGS)
I/2023:03	Accreditation of faculty members for Post Graduate Research
I/2023:04	Revision in degree nomenclature of Master's and Ph.D. Programmes as per BSMA (ICAR)
I/2023:05	Admission Policy for Academic Year 2023-24 for PG and Ph.D. programmes of the university
I/2023:06	Admission Policy (2023-2024) for MBA Programmes
I/2023:07	Implementation of SWAYAM / MOOC courses in PG degree programs in disciplines of Technology and Agri-Business Management and transfer of their credits
I/2023:08	Election of Secretary, Post Graduate Faculty
I/2024:09	Any other item with the permission of Chair.
(1)	<ul style="list-style-type: none"> (i) Start of P.G. degree i.e. M.Sc. (Community Science) Extension Education & Communication Management as recommended by BSMA-ICAR from academic year 2023-2024 (ii) Course programme for M.Sc. (Community Science) Extension Education & Communication Management (iii) Syllabus for M.Sc. (Community Science) Extension Education & Communication Management
(2)	Admission Policy for Admission to Ph.D. in Management w.e.f. Academic Session 2023-2024

Agenda I/2023:01: Confirmation of Minutes of I/2022 meeting of Board of Faculty (PGS) held on 12/03/2022 (Minutes have been already circulated and are available on university website under College of PGS)

No comment/modification the minutes of I/2022 meeting held on March 12, 2022 has been received, therefore, the minutes as circulated were confirmed.

Item No. I/2023:02 Review of action taken (I/2022 meeting held on March 12, 2022)

Item No. I/2022:3	:	Accreditation of P.G. Faculty members for Post Graduate Research.
		Agenda for accreditation of 13 faculty members for Ph.D. research and 05 faculty members/scientists of outside institutions for Ph.D. research (with whom our University has entered into MoU) as approved by the P.G. Faculty has been approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:24.
Item No. I/2022:4	:	Admission Policy for Academic Year 2022-23 for PG and Ph.D. programmes of the university
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:19.
Item No. I/2022:5	:	Admission Policy (2022-2023) for MBA Programmes
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:25.
Item No. I/2022:6	:	Revision in credits of Special Problem for Master's degree and start of new course Special Problem for Ph.D. degree
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:26.
Item No. I/2022:7	:	Revision in degree nomenclature of M.Sc. Ag. (Soil Science) and Ph.D. (Soil Science)
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:27 for further approval of the Board of Management. Accordingly, the proposal has been submitted for approval of Board of Management.
Item No.	:	Revision in nomenclature of Department of Clothing and Textiles to Textiles and Apparel Designing as recommended by the Vth Dean's Committee of

I/2022:8		ICAR
		The proposal submitted by Dean, Home Science to Academic Council was approved in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:17 for further approval of the Board of Management.
Item No. : I/2022:9		Revision in degree nomenclature of M.Sc. Home Science (Clothing and Textiles) and Ph.D. (Clothing and Textiles) as recommended by the Vth Dean's Committee of ICAR
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:28 for further approval of the Board of Management. Accordingly, the proposal has been submitted for approval of Board of Management.
Item No. : I/2022:10		Revision in nomenclature of Department of Home Science Extension as recommended by the Vth Dean's Committee of ICAR
		The proposal submitted by Dean, Home Science to Academic Council was approved in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:17 for further approval of the Board of Management.
Item No. : I/2022:11		Revision in nomenclature of Department of Family Resource Management to Department of Family Resource Management & Consumer Science as recommended by the Vth Dean's Committee of ICAR
		The proposal submitted by Dean, Home Science to Academic Council was approved in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:17 for further approval of the Board of Management.
Item No. : I/2022:12		Revision in nomenclature of M.Sc. Home Science (Family Resource Management) and Ph.D. (Family Resource Management) as recommended by the Vth Dean's Committee of ICAR
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:29 for further approval of the Board of Management. Accordingly, the proposal has been submitted for approval of Board of Management.
Item No. : I/2022:13		Revision in degree nomenclature of M.Sc. Home Science (Human Development and Family Studies) as recommended by the Vth Dean's Committee of ICAR
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:30 for further approval of the Board of Management. Accordingly, the proposal has been submitted for approval of Board of Management.

Item No. I/2022:14	:	Adoption of Common Academic Regulations for Post Graduate Programme in the university as per BSMA recommendations (Minutes of the Dean's Committee meeting held on 15/12/2021 have been already circulated)
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:37.
Item No. I/2022:15	:	Retaining of the nomenclature 'Minor courses' in Ph.D. as per recommendation of BSMA committee of ICAR
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:40.
Item No. I/2022:16	:	Restructuring and revision in Course Programme & Syllabi of M.Sc. and Ph.D. programmes as per BSMA recommendations
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:40.
Item No. I/2022:17	:	Revision in the limit on credits to be registered per semester (Maximum Credit Load) by Master's & Doctoral students
		Approved by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:38.
Item No. I/2022:18	:	Conduct of written comprehensive examination from Major & Minor courses before oral comprehensive examination in Ph.D. programme
		Ratified by Academic Council in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:36.
I/2022:20(1)	:	Revision in nomenclature of Department of Foods and Nutrition to Department of Foods Science & Nutrition as recommended by the Vth Dean's Committee of ICAR
		The proposal submitted by Dean, Home Science to Academic Council was approved in its 392 nd meeting held on April 06, 2022 under agenda item no. 2022:392:17 for further approval of the Board of Management.

Agenda I/2023:03: Accreditation of faculty members for Post Graduate Research

Proposal from 17 faculty members of our University and 12 from the institutions with whom GBPUAT, Pantnagar has signed MoU were received for accreditation. These proposals were discussed and examined by the Accreditation Committee in its meeting held on January 19, 2023 at 4:00 P.M.

The minutes of the meeting of Accreditation Committee alongwith brief bio-data of faculty members is annexed. The Accreditation Committee has recommended that the faculty members as mentioned below may be accredited for P.G. research in the programme noted against each.

Sl. No.	Name of Faculty Member	Designation	Department	Recommended Accreditation level
1.	Dr. Kiran Rana	Asstt. Prof.	Agril. Comm.	Ph.D.
2.	Dr. Shweta Chaudhary	Asstt. Prof.	Agril. Economics	Ph.D.
3.	Dr. A.K. Tripathi	Asstt. Prof.	Agril. Economics	Ph.D.
4.	Dr. Ruchi Rani Gangwar	Asstt. Prof.	Agril. Economics	Ph.D.
5.	Dr. Vineeta Rathore	Asstt. Prof.	Agronomy	Master's
6.	Dr. Anju Pal	Asstt. Prof.	Horticulture	Ph.D.
7.	Dr. Rashmi Panwar	Asstt. Prof.	Horticulture	Ph.D.
8.	Dr. Shweta Uniyal	Asstt. Prof.	Horticulture	Ph.D.
9.	Dr. Rashmi Tewari	Asstt. Prof.	Plant Pathology	Ph.D.
10.	Dr. Shailbala Sharma	S.R.O.	Plant Pathology	Ph.D.
11.	Dr. Subodh Prasad*	Asstt. Prof.	Information Technology	–
12.	Dr. Maneesh Tewari	Asstt. Prof.	Industrial & Production Engg.	Ph.D.
13.	Dr. Neetu Dobhal	Asstt. Prof.	Foods & Nutrition	Ph.D.
14.	Dr. Praneeta Singh	Asstt. Prof.	LPT	Ph.D.
15.	Dr. Jayant Gautam**	Asstt. Prof.	CABM	Ph.D.
16.	Dr. Pooja Tamta	Asstt. Prof.	Home Science Extension	Master's
17.	Dr. Amit Prasad	Asstt. Prof.	Veterinary Medicine	Ph.D.
18.	Dr. Ujjwal Kumar De***	Senior Scientist	Veterinary Medicine, ICAR-IVRI	Ph.D.
19.	Dr. Pradeep Sharma [#]	Principal Scientist	Biotechnology, ICAR-IIWBR, RS-Shimla	Ph.D.
20.	Dr. Charu Lata [#]	Scientist	Biotechnology, ICAR-IIWBR, RS-Shimla	Master's
21.	Dr. Mamrutha HM [#]	Senior Scientist	Plant Physiology, ICAR-IIWBR, Karnal	Ph.D.

Sl. No.	Name of Faculty Member	Designation	Department	Recommended Accreditation level
22.	Dr. Sneha Adhikari [#]	Scientist	Genetics & Plant Breeding ICAR-IIWBR, RS-Shimla	Master's
23.	Dr. Anuj Kumar [#]	Scientist (Sr. Scale)	Food Tech., ICAR-IIWBR	Master's
24.	Dr. Sunil Kumar [#]	Principal Scientist	Biochemistry, ICAR-IIWBR	Ph.D.
25.	Dr. Om Prakash [#]	Senior Scientist	Biochemistry, ICAR-IIWBR	Master's
26.	Dr. V. Vijaya Lakshmi ^{##}	Prof. & Univ. Head	Family Resource Management, PJTSAU, Hyderabad	Ph.D.
27.	Dr. Suresh Chandra ^{****}	Principal Scientist	Aquaculture, DCFR Bhimtal	Ph.D.
28.	Dr. B.P. Mallikarjuna Swamy ^{###}	Senior Scientist	Genetics & Plant Breeding IRRI, Philippines	Ph.D.
29.	Dr. Jonali Goswami ^{####}	Scientist / Engineer 'SF'	North Eastern Space Applications Center, Deptt. of Space, Govt. of India, Umiam, Meghalaya	Ph.D.

*Application & brief bio-data was recommended & forwarded by Head, Information Technology and Dean, Technology. The House agreed to recommend the candidature for Ph.D. accreditation but Head, Information Technology and Dean, Technology were of the view that concerned faculty member does not possess Ph.D. degree in Information Technology from an engineering college. Head, Information Technology and Dean, Technology informed that his degree is being verified at the level of CPO office and requested that till the decision from CPO is awaited his application shall be deferred.

**Already recommended by Accreditation Committee in its meeting October 30, 2018 and II/2018 meeting of P.G. Faculty. However, the same was not approved by Academic Council in its 386th meeting held on 05-02-2019. The reasons were not mentioned in the minutes of Academic Council.

***Already included in student Advisory Committee as per approval of Hon'ble Vice-Chancellor in anticipation of approval from Accreditation Committee, P.G. Faculty and Academic Council.

[#]As per provisions of MoU signed with ICAR-IIWBR, Karnal.

^{##}As per provisions of MoU signed with Professor Jayashankar Telangana State Agricultural University, Hyderabad.

^{****}Already accredited for Master's.

^{###}IRRI, Philippines is already in the list "Recognition of Institution for carrying out of research/course work" under Clause 34 of Chapter-V of Academic Regulations.

^{####}As per provisions of MoU signed with North Eastern Space Applications Center (NESAC), Umiam, Meghalaya.

The Scientists / faculty members at Sl. No. 20, 22, 23 & 25 applied for Ph.D. accreditation, however, considering their length of service, their accreditation is recommended for Master's level.

Minutes of the Accreditation Committee Meeting held on January 19, 2023 at 4:00 P.M. in the Committee Room of Directorate, Placement & Counselling

The following attended the meeting.

1. Dr. A.K. Verma, Senior Research Officer
2. Dr. Deepti Shankhdhar, Associate Professor
3. Dr. Anupama Pandey, I/C Home Science Extension
4. Dr. Seema Kwatra, Acting Head, Family Resource Management
5. Dr. S.K. Sharma, Head, Food Science & Technology
6. Dr. Ajay, Head, Industrial & Production Engineering
7. Dr. P. Prabhakaran, Head, Livestock Products Technology
8. Dr. R.K. Singh, Head, Agrometeorology
9. Dr. H.N. Singh, Head, Agricultural Economics
10. Dr. D.C. Dimri, Head, Horticulture
11. Dr. J.L. Singh, Head, Veterinary Medicine
12. Dr. Anuradha Dutta, Head, Foods & Nutrition
13. Dr. Ajit Kumar, Head, Information Technology
14. Dr. V.L.V. Kameswari, Head, Agricultural Communication
15. Dr. M.S. Pal, Head, Agronomy
16. Dr. A.K. Gaur, Head, Molecular Biology & Genetic Engineering
17. Dr. A.H. Ahmad, Acting Dean, V.A.Sc.
18. Dr. Avdhesh Kumar, Head, Aquaculture & Acting Dean, Fisheries
19. Dr. Salil Tewari, Head, Genetics & Plant Breeding and Acting Dean, Agriculture
20. Dr. K.P. Singh, Joint Director, Research
21. Dr. A.K. Sharma, Director, Extension Education
22. Dr. R.S. Jadoun, Dean, CABM
23. Dr. Sandeep Arora, Dean, CBSH
24. Dr. Alaknanda Ashok, Dean, Technology
25. Dr. K.P. Raverkar, Dean, PGS

The committee examined the applications of the following faculty members for their accreditation for PG research and recommended the following to guide Ph.D. research as mentioned against their names.

Sl. No.	Name of Faculty Member	Designation	Department	Recommended Accreditation level
1.	Dr. Kiran Rana	Asstt. Prof.	Agril. Comm.	Ph.D.
2.	Dr. Shweta Chaudhary	Asstt. Prof.	Agril. Economics	Ph.D.
3.	Dr. A.K. Tripathi	Asstt. Prof.	Agril. Economics	Ph.D.
4.	Dr. Ruchi Rani Gangwar	Asstt. Prof.	Agril. Economics	Ph.D.
5.	Dr. Vineeta Rathore	Asstt. Prof.	Agronomy	Master's
6.	Dr. Anju Pal	Asstt. Prof.	Horticulture	Ph.D.
7.	Dr. Rashmi Panwar	Asstt. Prof.	Horticulture	Ph.D.
8.	Dr. Shweta Uniyal	Asstt. Prof.	Horticulture	Ph.D.
9.	Dr. Rashmi Tewari	Asstt. Prof.	Plant Pathology	Ph.D.

**BRIEF BIO DATA FOR ACCREDITATION OF FACULTY MEMBERS FOR
PhD'S RESEARCH**
(03 copies are required)

1. Name : Kiran Rana
2. Designation : Assistant Professor
3. Date of Birth : 12/09/1983
4. Department : Agricultural communication
5. College : Agriculture
6. Date of joining (as faculty member) 30/11/2015
 - i. **Outside University** : Worked as a Technical Assistant in Ministry of Agriculture, Department of Agriculture & Cooperation, KrishiBhawan, New Delhi from 01/07/2012 to 31/03/2014 on contractual basis under the scheme of National Food Security Mission! Crop Diversification Programme.
 - ii (a) **in the University** : w.e.f 30/11/2015 to till date
 - (b) On the present post : Assistant professor

7. FIELD OF SPECIALIZATION: Women Empowerment through SHGs, ICT used for Empowerment, Women leadership and training

8. Publications:

1. No. of research paper published: 22
2. No of articles: 15
3. Book chapter in books: 4
4. Others: NIL

9. Details of course taught:

1. Under Graduate Level:

Sl. No.	Title of Course	Credit Hours
1.	Communication skills for agricultural development AAC 307	(2-0-2)
2.	Entrepreneurship development in agriculture AAC308	(2-0-2)
3.	Behavioral Skills for management AAC395	2(0-0-2)
4.	Fundamentals of Agricultural Extension AAC306	3(2-0-2)
5.	Extension methodology for Transfer of technology AAC304	2(1-0-3)
6.	RAWE	01

2. Post Graduate Level:

Sl. No.	Title of Course	Credit Hours
1.	Fundamentals of development communication AAC 603	3(2-0-3)
2.	Training For Human Resource Development AAC635	3(2-0-3)
3.	Trends in extension education AAC 650	2(2-0-0)
4.	Foundation of human behavior AAC 602	3(2-0-1)
5.	Extension Landscape AAC 650	2(2+0)
6.	Advances in Agricultural Extension AAC 703	3(2+1)

10. No. of Master's students guided (in case of Ph.D. research): 07

APPLICATION FOR ACCREDITATION OF FACULTY MEMBERS FOR PH.D. RESEARCH

1. PERSONAL RECORD:

- i. **Full Name** (in Block letters) : DR. JONALI GOSWAMI
- ii. **Designation** : Scientist/Engineer 'SF'
- iii. **Department/Institute** : North Eastern Space Applications Centre
Address for communication : Dept. of Space, Govt. of India, Ri-Bhoi dist,
 Umiam, Meghalaya
- iv. **Date of birth** : 30.04.1975
- v. **Sex** : Female

2. ACADEMIC RECORD:

Name of the University	Degree Passed	Year of Passing	Subject taken with specialization	Class/ Division
G.B. Pant University of Agriculture and Technology	M.Sc (Agri)	2000	Agricultural Meteorology	1 st
Assam Agricultural University	Ph.D.	2018	Crop Physiology	

3. EMPLOYMENT RECORD

Employer	Designation of the post held	Date of joining	Date of leaving
Director, NESAC, Umiam	JRF	9.01.2002	30.06.2003
Director, NESAC, Umiam	Scientist	01.07.2003	Till date

4. Awards (Not required for in-house personnel):

Year	Award	Agency	Purpose	Nature
2018	National Award for e-Governance 2017-18 (Silver)	Department of Administrative Reforms & Public Grievances	GeoPortal on North Eastern District Resources Plan to support effective governance applications	

5. FIELD OF SPECIALIZATION

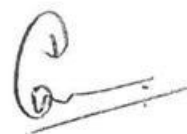

20 years of working experiences in the projects related to remote sensing and GIS applications in the field of agriculture, disaster management, sericulture and epidemiology etc. Expertise developed in hyperspectral and Unmanned Aerial Vehicle (UAV) data analysis and their applications in different fields of research and applications.

6. MEMBERSHIPS/FELLOWSHIP:

- i) Life Member; Indian Society of Remote Sensing (ISRS)
- ii) Life Member; Indian Society of Geomatics (ISG)
- iii) Life member; Indian Society for Plant Physiology (ISPP)
- iv) Life member; Indian Meteorological Society (IMS)
- v) Life member; Association of Agrometeorologists.

7. PUBLICATIONS: (LIST ENCLOSED)

- i) No. of Research papers published : 42
- ii) No. of articles published: 14
- iii) Books/Chapters in books: 6

SIGNATURE OF APPLICANT

(Dr. Jonali Goswami)

Agenda Item: I/2023:04: Revision in degree nomenclature of Master's and Ph.D. Programmes as per BSMA (ICAR)

The BSMA committee of ICAR, New Delhi has recommended revision in nomenclature of various P.G. & Ph.D. degrees in order to have uniform nomenclature across SAUs in the country. To avoid problem related to specification of the degree for higher studies/fellowship/scholarship etc. as well as eligibility for employment in future for the P.G. & Ph.D. students of our University, it is proposed to adopt the nomenclature as recommended by BMSA committee of ICAR, New Delhi. The status of existing and proposed degree nomenclature as per BSMA recommendations is as follows :

Existing Degree Nomenclature	BSMA Degree Nomenclature	Revision Proposed in Degree Nomenclature
Agri-Business		
MBA Agribusiness Management	MBA Agri-Business Management	---
Ph.D. Management	Ph.D. Agri-Business Management	---
Agriculture		
M.Sc. Ag. (Agrometeorology)	M.Sc. (Agri.) Agricultural Meteorology	M.Sc. (Agri.) Agricultural Meteorology
Ph.D. Agrometeorology	Ph.D. Agricultural Meteorology	---
M.Sc. Ag. (Agronomy)	M.Sc. (Agri.) Agronomy	M.Sc. (Agri.) Agronomy

MANAGEMENT MAJOR							
**1.	Management	02	Nil	02	02	Masters' Degree or equivalent in Business Administration/ Management.	No change

*Admission to **Ph.D. programmes in Agronomy and Plant Pathology** for Other State candidates shall be made through ICAR entrance examination only. Candidate need not apply for Pantnagar entrance examination for Other State seats in the mentioned disciplines of **Agronomy and Plant Pathology**.

****Self –Financing**

#Students will have to read some remedial Courses.

The candidate possessing above qualifications and fulfilling the conditions laid down hereunder shall have to qualify the written test and secure a place in the merit list so as to be eligible for admission:

- (a) At Master's level, the candidate should have secured an OGPA not less than 6.500/10.000 or 4.000/5.000 or 1st Division in case of the Universities where these grading scales are not applicable. At Bachelor's level the candidate must possess an Overall Grade Point Average of not less than 6.000/10.000 or 3.000/5.000 or 55% marks in aggregate in case of the Institutions/Universities where these grading scales are not applicable.
- (b) Besides a candidate must also possess the eligibility qualifications prescribed for Masters programmes of the University in the relevant discipline.
- (c) A relaxation of 5% marks, or an equivalent relaxation of grade at Master's level only, will be allowed to those belonging to SC/ST/OBC (non-creamy layer)/Differently-Abled categories of candidates.

Note: The students having M.Sc. Statistics/M.Sc. Applied Statistics will be awarded Ph.D. with major in Statistics and those having M.Sc. Agricultural Statistics will be awarded Ph.D. with major in Agricultural Statistics.

MANAGEMENT PROGRAMMES					
****1.	MBA (Agribusiness)	32	40	Bachelor's and/or Master's degree in Agriculture, Agricultural Chemicals, Agricultural Engineering, Dairy Science/Technology, Fisheries, Food Science/ Technology, Forestry, Horticulture, Veterinary Science, Home Science or B.Tech. (Biotechnology).	Bachelor's and/or Master's degree in Agriculture, Agricultural Chemicals, Agricultural Engineering, Dairy Science/ Technology, Fisheries, Food Science/ Technology, Forestry, Horticulture, Veterinary Science, Home Science/ Community Science or B.Tech. (Biotechnology).
****2.	MBA	08	20	Bachelor's degree in any branch of Engineering/Technology from AICTE approved Institutions/ UGC approved Universities.	Bachelor's degree in any branch of Engineering/Technology from AICTE approved Institutions/ UGC approved Universities.
M.C.A. PROGRAMME					
****1.	MCA	24	No change	BCA/B.Sc. with Mathematics from a recognized University/B.Sc. (Information Technology)/ B.Sc. Computer Science.	No change

Candidates for Master's programme should refer para 22 for subject group code of Entrance Examination.

******Self-Financing; #30 percent of sanctioned seats are allotted to Other State candidates.**

The candidate possessing above qualifications and fulfilling the conditions laid down hereunder shall have to qualify the written test and secure a place in the merit list so as to be eligible for admission:

(a) The candidate should have secured an OGPA of not less than 6.000/10.000 or 3.000/5.000 or 55% marks in aggregate in case of the Institutions/Universities where these scales are not applicable in the Bachelor's degree.

Note : (1) In Agriculture programmes the number of candidates admitted from pure Sciences stream shall be limited to 25%.

However, in case sufficient numbers of qualified candidates are not available, this limitation of 25% shall be relaxed by the Admissions Committee. But, the minimum duration for the said candidates would be six semesters.

(2) The minimum degree duration will be six semester for the candidates seeking admission in Agriculture & Community Science Majors who have studied only 3-year degree programme instead of 4- years.

*The students admitted in the programme of Agricultural Statistics/Statistics with qualifications B.Sc.(Ag.)/B.Sc. (Hons.) Ag. will be awarded M.Sc. (Agril. Statistics) degree and those admitted with B.Sc. degree (with Mathematics/Statistics as one of the major subjects) will be awarded M.Sc. (Statistics) degree.

*** Admissions to DBT supported Master's programme (M.Sc. Agricultural Biotechnology) shall be made through online counseling from the list of qualified candidates received from DBT Regional Centre for Biotechnology, Faridabad, which is responsible for conducting Graduate Aptitude Test-Biotechnology (GAT-B) -2022 for admission to the above said programmes throughout the country.

Agenda Item No. I/2023:06 Admission Policy (2023-2024) for MBA Programmes

COLLEGE OF AGRIBUSINESS MANAGEMENT

Admission Policy for MBA Programs: Year 2023-24

1. Eligibility Qualifications

M. B. A.

Bachelor's degree with minimum 50% marks (45% in case of candidate belonging to SC/SC category) in the qualifying examination from any of the Universities recognized by the AIU UGC or AICTE failing which the provisional admission will be cancelled.

UG candidates who are waiting for the final result also can apply by clicking "Final Result Awaited" and upload a self-undertaking that he/she will furnish a certificate to institute at the time of the personal interview.

M.B.A. (Agribusiness)

Bachelor's and/or Master's degree in Agriculture, Agricultural Chemicals, Agricultural Engineering, Dairy Science/ Technology, Fisheries, Food Science/ Technology, Forestry, Home-Science/ Community Science, Horticulture, Veterinary Science or B. Tech (Biotechnology).

2. Selection Procedure

The candidate will have to appear either in common Admission Test (CAT) or Common Management Admission Test (CMAT) conducted by respective agencies. CABM will use CAT/CMAT score for short listing the candidates for its two year full time MBA programs. These short listed candidates will have to appear for further screening on the basis of Group Discussion and Personal Interview at CABM, Pantnagar on specified date(s). The candidates willing to take admission in MBA (Agribusiness) or MBA programme of college will have to apply separately to CABM, Pantnagar through online portal of Admission: <http://gbpuat.in>.

(Group Discussion and Personal Interview will be considered as per decision of Admission Committee keeping in view the situation of COVID-19 at that time in the country/state.)

3. Number of Seats

The regular intake capacity for the MBA (Agribusiness) is 40 and MBA program is 20 i.e. a total of 60 seats out of which 50% seats are for the candidates from States other than Uttarakhand and 50% seats are for candidates of Uttarakhand State in which seats for OBC, SC and ST are reserved as per the reservation policy of the Uttarakhand Government, implemented by GBPUAT, Pantnagar. The seat matrix is given below:

A - MBA (Agribusiness)

Category	Percentage (reservation)	Available Seats		
		Uttarakhand	Other State	Total
OBC	14%	3		3
SC	19%	4		4
ST	4%	1		1
Gen	Remaining (63%)	12	20	32
Sub total	100%	20	20	40
EWS	10% over and above	2	-	2
Grand Total		22	20	42

B – MBA

Category	Percentage (reservation)	Available Seats		
		Uttarakhand	Other State	Total
OBC	14%	1		1
SC	19%	2		2
ST	4%	0		0
Gen	Remaining (63%)	7	10	27
Sub total	100%	10	10	20
EWS	10% over and above	01	-	1
Grand Total		11	10	21

For the Other-State category, not more than 2 seats will be given to any single state. However, this condition may be waived off by Admission Committee if qualified candidates are not available in a particular state.

In case, the seats in MBA (Agribusiness) program remain vacant, they will be transferred to MBA program and vice-versa. In case, the seats of Other-States remain vacant, they will be filled from the candidates of Uttarakhand State and vice-versa.

In case, candidates of reserved categories are not available, the seats shall be converted to General Category.

4. Sponsored Candidates: Sponsored students under the following categories will be admitted over and above the present sanctioned strength of 40 seats on the following basis:

- Foreign students:** Two seats in each Masters program i.e. a total of four seats shall be available to foreign nationals (candidates) provided that they fulfill the eligibility qualifications on payment of fee as per University rule.
- Candidates sponsored by GBPUAT, Pantnagar:** Two seats in each Masters program i.e. a total of four seats shall be available for candidates sponsored by GBPUAT, Pantnagar.
- Uttarakhand Government Officers:** Two seats in each Masters program i.e. a total of four seats will be reserved for Uttarakhand Government officers in addition to the regular seats. The Uttarakhand Government officers will neither be required to take CAT/CMAT examination nor will be required to appear in Group Discussion and Personal Interview. The program fee for these government officers will be double of the program fee meant for the regular candidates.

Eligibility Qualifications for sponsored candidates: The sponsored candidates besides meeting the eligibility qualifications should have secured an OGPA of not less than 6.000/10.000 or 3.000/5.000 or 55% marks in aggregate in Bachelor's degree. In case of all categories of sponsored candidates, if the seats of MBA (Agribusiness) program remain vacant, the same will be transferred to MBA program and vice-versa.

5. Reservation

Seats for OBC, SC and ST candidates are reserved as per the reservation policy of the State Government of Uttarakhand, implemented by the University. Candidates claiming reservation shall be required to submit appropriate certificate as per Annexure-I, at the time of Group Discussion/ Personal Interview, failing which they shall be treated in general category only. Any subsequent claim for reservation shall not be entertained. For getting reservation under OBC category the certificate should not be issued earlier than March 2020.

6. Candidates from States other than Uttarakhand

A candidate falling in either of the following categories will be considered in 'Other State' category:

- A candidate who is a permanent resident outside Uttarakhand since birth, or

- b. A candidate whose permanent address is outside the Uttarakhand State, unless he submits domicile certificate of Uttarakhand at the time of Group Discussion/ Personal Interview, or
- c. A candidate who has completed his qualifying examination from outside the Uttarakhand State unless he submits domicile certificate from Uttarakhand at the time of Group Discussion/ Personal Interview.

Note: The candidates who have completed their qualifying degree from G. B. Pant University of Agriculture and Technology will be treated as domicile of Uttarakhand for admission to MBA (Agribusiness)/MBA program as per G. O. No. 350/XIII – I/ 30 (2)/ 2001 dated 06/07/08 and 218/ Krishi evam Jalagam/ 2004 dated 28.02.2004, and as per resolution adopted by the Academic Council in its 338th meeting.

7. Duration

The normal duration of MBA (Agribusiness) and MBA program is two academic years or four semesters. The minimum and maximum duration of the program is four and six semesters respectively.

8. Sale and Submission of Application Forms

The candidate can access the application form on website at URL: www.gbpuat.auams.in and the price of form Rs. 1500.00 would have to be paid online as per instructions provided at website. There is no other mode/provision of making form available.

Important dates concerning application form

Start of Online Form Availability: January 02, 2023 (Monday)

Last Date for filling form: March 31, 2023 (Friday)

Last Date with Late Fee (After March 31, 2023) : April 15, 2023 (Saturday)

9. Medical Examination

All candidates called for Group discussion/Personal Interview will be required to produce medical and physical fitness certificate from the Chief Medical Officer or equivalent.

10. Verification of Documents

At the time of Group Discussion, candidates will be required to produce all Certificates/mark sheets right from Class X till their eligibility qualifications along with a character certificate from the Head of the Institution (Registrar/ Dean/ Principal/ Director of the University/College/ Institute) last attended.

11. Mode of Admission

The candidates will be selected for admission on the basis of their performance in CAT/CMAT, Group discussion and Personal Interview. The weightage of these three components will be:

Component	Weightage
Entrance Test Score (CAT/ CMAT)	60%
Group Discussion	30%
Personal Interview	10%

The equivalence between CAT and CMAT score will be established as per recommendation by they recommended by the Committee constituted by the Academic Council in its 379th meeting and approved by Academic Council in 385th meeting.

Qualifying marks in entrance test, Group discussion and personal interview will be decided by the Admission Committee.

12. Fee Structure and Payment Schedule

The candidates are required to pay the fee of the MBA programme within the limits specified in the following paragraph. **Admission/Counseling Fee:** All candidates called for Group discussion and Personal Interview (whether finally admitted or not) will be required to deposit a non-refundable fee of Rs. 3,000 as Counseling fee. This is a necessary pre-requisite for attending the Group Discussion and Interview.

I) Program and University Fee: All those candidates admitted to MBA (Agribusiness)/MBA program of CABM will have to pay two kinds of fees separately: (1) the Program fee and (2) the University Fee. The fee details are as follows:

a) **The Program Fee:** The Program fee for both MBA (Agribusiness)/MBA program has to be paid through DD in favour of 'Dean, College of Agribusiness Management' payable at Pantnagar. A student can also pay this Program fee through RTGS/NEFT based internet transfer and send photocopy of the fee transfer receipt to CABM. (Revolving Fund CABM, Punjab National Bank, Pantnagar, IFSC Code: PUNB0444600, Account No: 4446001100000145)

The details of this Program fee is as follows:

Before Registration in First Semester* 2023-2024 : Rs. 3,25,000/=

1st day of Registration in First Semester 2024-2025 : Rs. 3,25,000/=

The programme fee for the sponsored candidates will be double of the amount charged for regular/ normal candidate.

*By a date fixed by the Admission Committee but before the registration in first semester.

b) **The University Fee:** The University fee has to be paid at the time of registration through DD in favour of the Comptroller, GBPUAT, Pantnagar. The details of the present University fee is as follows:

First day of Registration in I Semester	2023-2024	:	Rs. 20442.00 **
First day of Registration in II Semester	2023-2024	:	Rs. 20442.00 **
First day of Registration in I Semester	2024-2025	:	Rs. 20442.00 **
First day of Registration in II Semester	2024-2025	:	Rs. 20442.00 **

In addition to the fee above, students have to pay food advance of Rs 20000/- each semester.

** Subject to the revision by the University.

NOTE:

1. The program fee shall be paid as soon as the admission is confirmed as per the Admission Offer letter issued.
2. The program fee shall be per annum irrespective of number of semesters completed by the student in an academic year.
3. Only Caution Money is refundable.
4. Only Food advance is adjustable.
5. Food bills on actual are to be paid every month.

Note : 1. The application form has already been uploaded on University Admission Portal.
2. All the process of admission shall be carried out by Controller of Examination in the online mode.

Agenda Item No. I/2023:07 Implementation of SWAYAM / MOOCcourses in PG degree programs in disciplines of Technology and Agri-Business Management and transfer of their credits

College of Agribusiness Management,
GBPUAT, Pantnagar

List of MOOC Courses Selected

S.No.	Area	Course or its equivalent*
1.	MOOC Course 1	Stress Management and Personality Development
2.	MOOC Course 2	Technical Writing and Communications Skills
3.	MOOC Course 3	Intellectual Property and its management
4.	MOOC Course 4	Agricultural Research, Research Ethics and Rural Development Programmes
5.	MOOC Course 5*: Business Plan MAM606	Venture Capital
		Business model innovation
		Creating Innovative Business Models
		Business Model Implementation
		How to design a successful business model
		The value of business models
6.	MOOC Course 6*: Digital Marketing MAM541	Digital Marketing Strategy
		Digital Leadership
		Digital Strategy And Action
		Marketing in a Digital World
		Digital Marketing Fundamentals
		Digital Branding and Engagement

*Equivalence of a course will be decided in a Faculty meeting chaired by Dean-CABM.

DEAN, PGS
20/01/23

Report of the Committee Constituted Vide Office Order PGS/P-S/6483 Dated 24.01.2023
Regarding Preparing Guidelines for On-Line Courses Credit Transfer

Background

SWAYAM is the National portal of Government of India for offering Massive Open Online Courses (MOOCs). At present SWAYAM has following National Coordinators for each of the Sectors for the purpose of development of the e-content, delivery of online courses and overseeing the assessment procedures of courses offered.

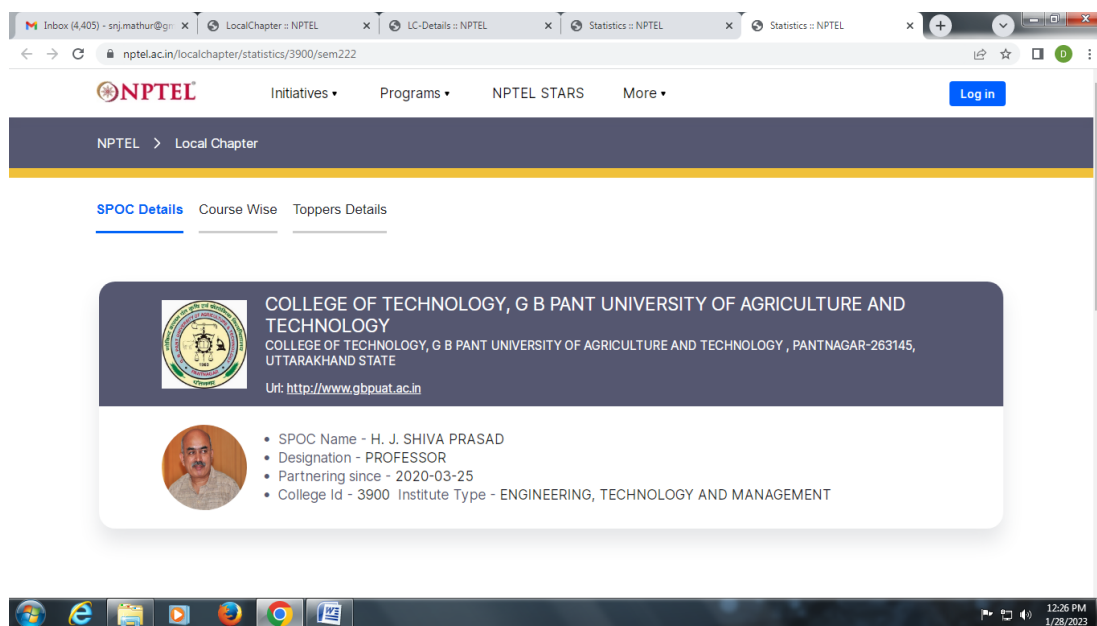

S. No.	National MOOCs Coordinator	Sectors
1	University Grants Commission(UGC)	Non-Technology Post Graduate Degree Programmes.
2	NPTEL	Technical / Engineering UG & PG degree programmes.
3	Consortium for Educational Communication	Non Technology Under Graduate Degree programmes.
4	IGNOU	Diplomas and Certificates programmes
5	NCERT	School Educational Programmes from Class 9th to 12th.
6	NIOS	Out of school children Educational Programmes from Class 9th to 12th.
7	IIM Bangalore	Management programmes.
8	NITTR, Chennai	Teacher Training programme.

UGC has already issued the UGC (Credit Framework for online learning courses through SWAYAM) Regulation 2016 advising the Universities to identify courses where credits can be transferred on to the academic record of the students for courses done on SWAYAM (**Annexure-1**). AICTE has also put out gazette notification in 2016 and subsequently for adoption of these courses for credit transfer (**Annexure-2**). Colleges can identify MOOCs offered by various platforms available on SWAYAM; e.g. NPTEL for technology and management students and IIM Bangalore for management students. NPTEL has published recommendations for universities to implement credit transfer from swayam NPTEL MOOCs on NPTEL portal itself (**Annexure-3**).

Following important and relevant information is extracted from the recommendations by NPTEL

1. NPTEL courses are for a duration of 4/8/12 weeks which requires a minimum learning effort by the student of 16/32/48 hrs and credits are assigned as 1/2/3 respectively. However, additional effort of 1-5 hrs from the learners in an online course is also possible due to complex assignment, going through the text documents and forum discussion. In view of the above, an additional 1 credit may be awarded if the University deems it fit, based on the actual student effort involved. Hence the University taking the courses for credit transfer can decide on how they calculate learner engagement and appropriately take the courses for minimum credits recommended or minimum credits+1 as suggested.
2. NPTEL offers courses in two timelines - January to May and July to November every year. Course list is announced 6 months ahead of course start date. Enrollment is normally opened 2 months ahead of course start date and closes on the start date of course.
3. To get a certificate from SWAYAM-NPTEL, the learner has to separately register and appear in person for a proctored exam. The exam registration forms are opened almost a month before the start of the course and open till 3 weeks into the course. This exam is organized and conducted by NPTEL across 150+ cities in the country through an exam vendor. The exam carries a fee of Rs 1000/- to cover the expenses incurred in organizing this exam. Upon passing a course the learner gets an e-certificate which carries a QR code, on scanning which, the original certificate hosted on NPTEL server will be accessible. This way any one presented with the e-copy can verify against the original.

4. Final score = 25% of Average assignment score (out of 100) + 75% of proctored certification exam score (out of 100). Learner is said to be certified in the course and he/she will be eligible for the e-certificate IF Average assignment score $\geq 40/100$ AND Proctored certification exam score $\geq 40/100$
5. NPTEL offers a variety of courses which include core, elective and multidisciplinary courses at UG and PG level every semester. It recommends that the courses taken by the students be a discipline elective not offered by the college - so that they can leverage the online course initiative completely - which is to facilitate opportunities in areas of learning for which faculty are not locally available.
6. NPTEL works closely with colleges and Universities in India through its Local Chapter (LC) programme. There is an NPTEL coordinator in every local chapter college and this person has access to all information such as course wise participant enrollment, exam registration details, hall tickets, final exam marks and e-certificates - of learners who have declared as belonging to that college. These coordinators have direct access to support teams at NPTEL to get any issues resolved with respect to courses/exams. College of Technology, Pantnagar is already an LC of NPTEL and Dr H J S Shiva Prasad is designated as Single Point of Contact (SPOC). The screenshot of the same is appended below.

7. NPTEL recommends that colleges be allowed to decide the specifics of the courses to be taken in a specific semester and intimate the same to the University. It is suggested that courses for credit transfer can be approved under all buckets - core courses, discipline elective, general elective and open elective. NPTEL does not recommend offering MOOCs for FIRST and FINAL semester of programme.
8. The cutoff for pass/fails in a course can be decided by the university/college if required, though the actual marks as given by NPTEL is what will always be stored and saved in the NPTEL server.

9. A common issue that arises is that students have already paid the fees for the courses of each semester to the institution. It is suggested by NPTEL for the institute to pay for the exam completely or at least half the fee, the other half being borne by the student.

Recommendations for MOOCs:

1. A student can opt to offer at the most 02 MOOC courses in first year of his/her Master's degree program; one in lieu of Program Electives.
2. The credit load of the MOOC courses will not be considered to calculate maximum credit load in a semester.
3. The MOOC course under the category Program Elective should be of credits equal or more credits of program elective and can be taken from the list of MOOC courses available on SWAYAM/ NPTEL at the time of registration in the concerned semester, as notified by the concerned department. However, depending on the nature of course the department may assign +1 credit to MOOC.
4. All the expenditure including the fee for examination or passing certificate shall be borne by the student. A policy to reimburse the exam fee for any section of students may be decided separately.
5. Grades of MOOC course will be submitted on producing the passing certificate to the faculty designated by the department.
6. The passing marks for the MOOC courses shall be at par with passing marks as per university academic regulation i.e. 60% for Master's students.
7. In case a student fails to pass the MOOC course as per minimum passing marks criterion of university, he /she shall have to either repeat the same course or offer any other course of the same credits from the list of courses notified by the department in subsequent semester/year.
8. Necessary modification in AUAMS shall be required to accommodate the registration of a MOOC and credit acceptance with grades. Registrar office must be provided with support for process flow to incorporate these modifications. The course Number for MOOC may be in the format like TEC-MOOC1/MOOC2 etc. where MOOCx shall be mapped to the actual course title given by NPTEL.

GUIDELINES FOR ONLINE COURSE CREDIT TRANSFER

Recommendations for MOOCs proposed by committee vide office order No. PGS/PS/6483 dated 24.01.2023	Workable Guidelines Proposed for Approval		
1. A student can opt to offer at the most 02 MOOC courses in first year of his/her Master’s degree program; one in lieu of Program Electives.	A student can opt to offer at the most 2 MOOC courses in first year of his/her Master’s degree programme/MBA, one in lieu of programme elective in Technology discipline.		
2. The credit load of the MOOC courses will not be considered to calculate maximum credit load in a semester.	The credit load of the MOOC courses will be considered within maximum credit load (23 credits).		
3. The MOOC course under the category Program Elective should be of credits equal or more credits of program elective and can be taken from the list of MOOC courses available on SWAYAM/ NPTEL at the time of registration in the concerned semester, as notified by the concerned department. However, depending on the nature of course the department may assign +1 credit to MOOC.	The MOOC course under the category Program Elective/Common courses should be of credits equal or more credits.		
	A faculty member will be deputed for regulating the MOOC course notification, offering for registration and submission of grade at department level.		
	The MOOC course(s) can be taken from the lists of MOOC courses available on SWAYAM Portal from time to time at the time. SWAYAM is the National portal of Government of India for offering Massive Open Online Courses (MOOCs). At present SWAYAM has following National Coordinators for each of the Sectors for the purpose of development of the e-content, delivery of online courses and overseeing the assessment procedures of courses offered.		
	S. No.	National MOOCs Coordinator	Sectors
	1	University Grants Commission(UGC)	Non-Technology Post Graduate Degree Programmes.
2	NPTEL	Technical / Engineering UG & PG degree programmes.	
3	Consortium for Educational Communication	Non Technology Under Graduate Degree programmes.	
4	IGNOU	Diplomas and Certificates programmes	
5	NCERT	School Educational Programmes from Class 9th to 12th.	
6	NIOS	Out of school children Educational Programmes from Class 9th to 12th.	
7	IIM Bangalore	Management programmes.	
8	NITTR, Chennai	Teacher Training programme.	

	UGC has already issued the UGC (Credit Framework for online learning courses through SWAYAM) Regulation 2016 advising the Universities to identify courses where credits can be transferred on to the academic record of the students for courses done on SWAYAM. AICTE has also put out gazette notification in 2016 and subsequently for adoption of these courses for credit transfer. Colleges can identify MOOCs offered by various platforms available on SWAYAM; e.g. NPTEL for technology and management students and IIM Bangalore for management students. NPTEL has published recommendations for universities to implement credit transfer from SWAYAM NPTEL MOOCS on NPTEL portal itself.
	The list of courses available for registration along with the equivalent Elective/Common course will be approved from Academic Council prior to registration in every semester.
	The student may register the respective equivalent course for the MOOC course in succeeding semester on successful completion of the online course.
	A MOOC course of 4/8/12 weeks will be equivalent to a course 1/2/3 credits i.e. 16/32/48 contact hours.
4. All the expenditure including the fee for examination or passing certificate shall be borne by the student. A policy to reimburse the exam fee for any section of students may be decided separately.	All the expenditure including the fee for examination or passing certificate shall be borne by the student.
5. Grades of MOOC course will be submitted on producing the passing certificate to the faculty designated by the department.	The passing marks for the MOOC course shall be at par with passing marks as per university academic regulation i.e. 60% for Master's programme course.
6. The passing marks for the MOOC courses shall be at par with passing marks as per university academic regulation i.e. 60% for Master's students.	Grade of MOOC course will be submitted by the designated faculty on producing the passing certificate by the student.

<p>7. In case a student fails to pass the MOOC course as per minimum passing marks criterion of university, he /she shall have to either repeat the same course or offer any other course of the same credits from the list of courses notified by the department in subsequent semester/ year.</p>	<p>In case a student fails to pass the MOOC course as per minimum passing marks criterion of university, he/she shall have to either repeat the same course or any other equivalent course from the list of courses notified by the department in subsequent semester/year.</p>
<p>8. Necessary modification in AUAMS shall be required to accommodate the registration of a MOOC and credit acceptance with grades. Registrar office must be provided with support for process flow to incorporate these modifications. The course Number for MOOC may be in the format like TEC-MOOC1/MOOC2 etc. where MOOCx shall be mapped to the actual course title given by NPTEL.</p>	<p>Necessary provision in AUAMS shall be required to accommodate the registration of a MOOC and credit acceptance with grades.</p>
	<p>Registrar office must be provided with support for process flow to incorporate these modifications.</p>
	<p>The MOOC course will be added in the course programme as MOOC1 and MOOC2. Later on successful completion of the course it would be added in course programme before degree completion and will be stated as follows:</p> <p>Course no. of of the university course (Elective/Common) – MOOC:Title of the Online course</p> <p>Course no. of equivalent course from course programme. The university course from course programme will be the one which has been approved by AC as equivalent course for a MOOC in a specific semester.</p>

Subject: Agenda for discussion in forthcoming PG faculty meeting

This is in reference to letter no. PGS/HA/6414 dated: Jan. 09, 2023 for an agenda item to be submitted for discussion and approval in the forthcoming meeting of PG faculty. Please find enclosed herewith the agenda items from the department of Home Science Extension, College of Home Science:

- 1. Start of PG degree i.e., M.Sc. (Community Science) Extension Education & Communication Management as recommended by BSMA-ICAR for the academic year 2023-2024**
- 2. Course programme for M.Sc. (Community Science) Extension Education & Communication Management**
- 3. Syllabus for M.Sc. (Community Science) Extension Education & Communication Management**

The items have been discussed in departmental meeting and may be considered for inclusion in the upcoming meeting of PG faculty.

Submitted for kind perusal and necessary action please.

Science Extension

Encl.: As above

- (i) **Start of PG degree (M.Sc. programme) of the department in M.Sc. (Community Science) Extension Education & Communication Management as recommended by BSMA-ICAR from academic year 2023-2024**

NEED AND JUSTIFICATION

The College of Home Science was established on 15th July, 1971 with an undergraduate programme and since then the department of Home Science Extension is existing in the college. The post graduate programme is not running in the department and since extension is an important mandate in the university, hence post graduate research in Extension Education & Communication Management is essentially required. The Master's programme in the department is proposed as M.Sc. (Community Science) Extension Education & Communication Management which is recommended by BSMA-ICAR. Specialization in EECM would foster unique capabilities and skills among students to satisfy the community with versatile needs through application of latest scientific and technological innovations using latest communication methods for sustainable development of communities at state and national level. The discipline will help in development of creative potential of the individual for remunerative career opportunities and professionalism in planning of extension systems and implementation through effective communication also the multi dimensional approach of the course programme will encourage skill development, capacity building, entrepreneurship development and in transfer of technology.

The opening of Master's degree programme is required in Extension Education & Communication Management as the undergraduate students of B.Sc. (Hons.) Community Science will get an opportunity to pursue higher education in the area of Extension Education & Communication Management. It is an important component in general and specifically to Community Science in present day transforming environment in industry as well as academic sector. The postgraduate research in the areas related to needs of the community, women, children and youth of Uttarakhand; impact assessment of developmental programmes; media development and its applications and capacity building will improve the visibility of college of Home Science in the present context through database update.

The degree programme will help in development of creative potential of students for diverse career opportunities in different departments and ministries of state government/ central government, ICAR institutes, NGOs, SAUs, KVKs, IGNOU etc. Opportunity in HRD/state line departments of women and child development, education etc., as programme planners, media managers etc. Students will be prepared to work as personnel/ research scientists at different national and international organizations such as MANAGE, NIRD, NAARM, FAO, ICRISAT and others.

The Master's degree programme in Extension Education & Communication Management will develop professional capabilities of the faculty through engagement in post graduate research and their applications in field.

FACULTY POSITIONS

The department includes four sanctioned faculty positions as given below:

Sanctioned positions	Filled	Vacant
Professor-1	-	1
Asstt. Professor-2	2	-
SRO	1*	-

* The salary is being drawn from the department by some other faculty of the university who is not involved in teaching load of the department.

Name of faculty	Designation	Year of joining	Year of retirement
Dr. Anupama Pandey	Asstt. Professor/ Incharge	24.12.2004	31.07.2036
Dr. Pooja Tamta	Asstt. Professor	23.11.2015	30.11.2051

Teaching personnel will be engaged against the vacant positions of the department.

Research facilities

Infrastructural facilities available in the department include three laboratories. The other facilities of the university such as university printing press, communication centre and janvani will be utilized to conduct the practicals under different courses in the degree programme which are also being used in the current undergraduate programme.

No. of seats - 02

Degree duration/Semester - Regular 04 semesters; maximum 06 semesters
Student with remedial- maximum 08 semesters

Faculty requirement

As this new PG programme is starting hence new faculty positions are also desired:

- One Professor
- Two Assistant Professors

Eligibility qualification - B.Sc. Home Science/ Home Economics/ Family and Community Science/ B.Sc.(Hons.) Community Science/ Community and allied sciences along with intermediate science.

Mode of admission - Through university entrance exam

Fee structure - As per university rules

Goal - To develop skilled and qualified manpower for emerging job scenario in the transforming employment market

Hence, starting of **M.Sc. (Community Science) Extension Education & Communication Management** as per BSMA-ICAR recommendation from the academic year 2023-24 is proposed in College of Home Science.

The agenda item has been discussed in departmental meeting hence proposed to be discussed in forthcoming meeting of PG faculty.

U.G. Course Load

(ii) **Course programme for M.Sc. (Community Science) Extension Education & Communication Management in the department as recommended by BSMA-ICAR.**

The course programme was discussed in the departmental meeting. Hence proposed for discussion in forthcoming meeting of PG faculty. The details of course programme are as follows :

Department of Extension Education & Communication Management
M. Sc. Community Science (Extension Education & Communication Management)

Major Courses		
HEE 601*	ICT and New Media	4(1-0-3)
HEE 602*	Technology Transfer and Management	3(1-0-2)
HEE 603*	Dynamic Communication Skills	3(1-0-2)
HEE 604*	Climate Change Management	2(1-0-1)
Remaining credits of major courses will be chosen from list of post Graduate Courses of Extension Education & Communication Management, 500 series		8
Seminar		
HEE 688	Master"s Seminar	1
Minor/ Optional Courses		8
Supporting Courses		
AAC 635	Capacity Development	3(2-0-1)
BPS 625	Statistical Methods	3(2-0-1)
Common Courses		
BHS 500	Technical Writing and Communication Skills	1(0-0-1)
BHS/AAC 502	Research, Research Ethics and Rural Development Programmes	1(1-0-0)
BPC 506	Basic Concepts in Laboratory Techniques	1(0-0-1)
AGP 518	Intellectual Property and its Management	1(1-0-0)
BHS 611	Library and Information Services	1(1-1-0)
Research		
HEE 690	Master"s Thesis Research	30
	Total	70
Minor courses (For other departments)		
HEE 602	Technology Transfer and Management	3(1-0-2)
HEE 603	Dynamic Communication Skills	3(1-0-2)
Remaining 2 credits will be chosen from the list of Post Graduate Courses of Extension		

Education & Communication Management, 500 series

Remedial Courses for the Post Graduate students who did graduation with three year degree programme

HEX-495	Hands on Training in Print & Electronic Media Production	20
HEX-490	Developmental Programmes for Social Change	4(2-0-2)

*Compulsory Courses

List of the Post Graduate Courses

HEE 501	Global Extension Systems	3(3-0-0)
HEE 502	Development Communication	3(2-0-1)
HEE 503	Participatory Programme Management	3(1-0-2)
HEE 504	Organizational Development and Human Resource Development	2(1-0-1)
HEE 505	Educational Technology	3(2-0-1)
HEE 506	Group Dynamics	2(2-0-0)
HEE 507	Community Development and Outreach	3(2-0-1)
HEE 508	Gender Sensitization for Empowerment	2(2-0-0)
HEE 581	Research Methodology in Community Science	3(2-0-1)
HEE 601*	ICT and New Media	4(1-0-3)
HEE 602*	Technology Transfer and Management	3(1-0-2)
HEE 603*	Dynamic Communication Skills	3(1-0-2)
HEE 604*	Climate Change Management	2(1-0-1)
HEE 687	Special Problem on Out Sourcing for Media Product Development	2(0-0-2)
HEE 688	Master"s Seminar	1
HEE 690	Master"s Thesis Research	30

*Compulsory Courses

(iii) Syllabus for M.Sc. (Community Science) Extension Education & Communication Management as recommended by BSMA-ICAR.

The detailed course outlines of the courses included in the course programme of M.Sc. (Community Science) Extension Education & Communication Management has been discussed in the departmental meeting. Hence proposed for discussion in the forthcoming meeting of PG faculty. The syllabus is as follows:

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Course Title : ICT and New Media

Course Number : HEE601

Pre-requisite:

Nil Credit Hours : 4 (1-0-3)

Why this Course?

A revolution has occurred in information technology, significantly impacting human communication, thereby human development. The speed and rapidity of information process due to information technology revolution maximised the gadget adoption and usage irrespective of geographical and demographical range. Thus, a new set of relationships and responsibilities emerged among the information processors to satisfy the information needs of versatile users. This course provides such competency among the students for interactive communication in a flash to any corner of the world.

Aim of the Course

1. To familiarize students with ICT (Information Communication Technology), new media technologies and provide application skills.
2. To provide hands-on-experience on application of ICT tools and devices
3. To expertise in analytics tracking to analyse information reach.

Catalogue Description

UNIT I: Information Communication Technology

Information Communication Technology - Components of ICT, role of ICT in community education; IT enabled services - call centre, helpdesks, data warehouse; current status of application; government policy on ICT; emerging research issues.

UNITII: Perspective of new media

Definitions- Software and hardware components, traditional media transition to new media; knowledge management and archiving; networks; social media - advantages and limitations.

UNIT III: Multimedia - concept and evolution

Digital audio - Sound design and mixing, digital videography and photography, digital text writing.

UNIT IV: Web and blog designing

Introduction of HTML and basic tags, HTML document structure; Cascading Style Sheets (CSS); text in CSS and working.

Lecture Schedule

Sl. No.	Lecture Topics	No. of classes
1.	Information Communication Technology - Components of ICT.	1
2.	Role of ICT in community education.	1
3.	IT enabled services - Call centre, helpdesks, data warehouse.	1
4.	Current status of ICT application.	1
5.	Government policy on ICT.	1
6.	Emerging research issues.	1
7.	Perspective of new media - Definitions, software and hardware components.	1
8.	Traditional media transition to new media.	1
9.	Knowledge management and archiving; networks.	1
10.	Social Media - Advantages and limitations.	1
11.	Multimedia - Concept and evolution; digital audio - sound design and mixing.	1
12.	Digital videography and photography.	1
13.	Digital text writing.	1
14.	Web and blog designing and hosting.	1
15.	Introduction of HTML and basic tags; HTML document structure.	1
16.	Cascading Style Sheets (CSS), text in CSS and working.	1
	Pre final Examinations	2
	Total	18

Practical Schedule

Sl. No.	Practical	No. of classes
1.	Multimedia and emerging technologies - Introduction to video-on demand, internet - radio and web television	1
2.	Introduction to internet and the browsers	1
3.	Introduction to internet access and browsing	1
4.	Introduction to internet access and browsing extension related websites, blogs and data bases	1
5.	Exposure to network	1
6.	Compose e-mails, send and receive mails	1
7.	Video on demand- different video formats	1
8.	Creating a basic video clip with video editing software.	1

9.	Adding audio into developed videos.	1
10.	Editing of existing videos and audios	1
11.	Video on demand-accessing downloads and editing of required video formats	1
12.	Internet radio- Accessing different radio channels in online websites and browsing	1
13.	Web television- Exposure and accessing	1
14.	Impact of new media on traditional media- Listing of various traditional media and new media formats- collection of literature	1
15.	Group discussion /debate on advantages and disadvantages of traditional media and new media	1
16.	Writing on specialized area on the web	1
17.	Writing for general interest Web- script writing concepts and principles for web	1
18.	Writing for online- script writing concepts, principles and styles	1
19.	Writing for net newspapers and editions- script writing concepts, principles and styles	1
20.	Writing for blogs and search engines- script writing concepts, principles and styles	2
21.	Writing for video logs, citizen journalism- script writing concepts, principles and styles	1
22.	Evaluation of e-journals- Exposure to electronic journals, browsing sites, accessing and downloading the journal articles	1
23.	Evaluation of e-journals	1
24.	Submission of reports	1
25.	Unique features of web language- Open source softwares viz, wordpress, joomla, moodle	1
26.	Introduction and basics to advanced HTML	1
27.	Introduction of Cascading Style Sheets	1
28.	Orientation – javascript and HTML scripts	1
29.	Designing web page- Home page(landing page), hyperlinks with using CSS	1
30.	Practical exercise on designing a web page by using HTML5 and CSS3.	1
31.	To create responsive (mobile friendly) pages with using HTML5 and CSS3.	1
32.	Designing web page- Home page, hyperlinks - open source softwares	1

	viz, Wordpress.	
33.	Explanation of Wordpress dashboard and creating blog in Wordpress.	1
34.	Hosting a Wordpress blog online	1
35.	Creating google analytics	1
36.	Adding google analytics into HTML page and Wordpress pages	1
37.	Introduction to interactive web media- web animation	1
38.	Understanding web animation- jquery, dream weaver and photoshop	1
39.	Exposure to animated graphics in the web	1
40.	Introduction to designing interactive elements and sound addition	1
41.	Introduction to web visual editor, creation and editing.	1
42.	Acquiring a domain and webhosting to host the website/blog.	1
43.	Familiarisation with FTP and Cpanel	1
44.	Hosting website online	1
45.	Update/change the contents and images in online website after hosting.	1
46.	Take up the backups of the website after hosting a website.	1
47.	Tracking web traffic from analytics	1
	Lab final Examination	1
	Total	49

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Comprehend the role of ICT based services for community education and development
2. Figure out the required soft and hard ware components in application of new media for interactive communication
3. Develop content for web sites
4. Design, develop and manage websites
5. Track web analytics and analyse the impact

Teaching Methods / Activities

- Lectures
- Assignment
- Practice sessions
- Media development and transmission
- Student"s presentation
- Guest lectures

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Course Title : Technology Transfer and Management

Course Number : HEE 602

Pre-requisite:

Nil Credit Hours : 3 (1-0-2)

Why this Course?

Technology transfer is the process of transferring skills and knowledge of a proven technology to users for application to enhance and sustain qualitative life. It is the mandate of agricultural universities to ensure that scientific and technological developments are accessible to a wider range of users who can then further develop and exploit the technology into new products, processes, applications, materials or services. On the other hand, the importance of technology transfer has been increasing with the growing need for modern technologies, innovation, inventions and R&D. In this context, it is pertinent to provide adequate skill and knowledge to the students in transfer of technology and management.

Aim of the Course

1. To acquaint students with the process of Technology Transfer and Management (TTM)
2. To provide hands-on-experience in TTM
3. To sensitise students towards technology transfer career.

Catalogue Description

UNIT I: Introduction to technology transfer

Transfer of technology - Definition and importance; models of technology transfer - different models, qualitative technology transfer models, dimensions of technology transfer, features of technology package, routes of technology transfer; FLD, OFT, minikits.

UNIT II: Technology acquisition

Technology acquisition- Alternatives for acquiring new technologies; reasons; management of acquired technology; measures of scale and mechanisms for acquiring technologies - economy of scale, levels of scale, measurement of scale, factors affecting the choice of scale.

UNIT III: Introduction to technology management

Concept and meaning of technology management; evolution and growth of technology management.

UNIT IV: Role and significance of technology management

Impact of technology on society; technology and competition; key issues in managing technological innovation, forms of technology - product and process technologies;

technology forecasting - methods and principles; role of government in technology management.

UNIT V: Technological change

Characteristics of technological change; classification of technological change; impact of technological change; technology life cycle; technology transformation; technology policies and policy instruments.

UNIT VI: Technology assessment

Technology choice; technology assessment and refinement; technology assessment process; technology leadership and followership; writing technology assessment report.

UNIT VII: Invention, innovation and creativity

Meaning and differences; innovation management; intellectual property management.

UNIT VIII: Technology adoption, diffusion, and absorption

Technology adoption, diffusion and absorption; role of technology absorption - benefits, constraints in technology absorption, technology package and technological dependence, Indian experience in technology absorption efforts, issues involved in the management of technology absorption and government initiatives.

UNIT IX: Development of technology

Development process and steps; technology development and competition; managing Research & Development (R & D); reforms in technology development.

UNIT X: Social issues in technology management

Technological change and industrial relations; implementation of rationalization and automation in India.

Lecture Schedule

7.	Technological change - Impact of technological change, technology life cycle, technology transformation, technology policies and policy instruments.	1
8.	Technology assessment - Technology choice, technology assessment process, technology leadership and followership.	1
9.	Technology assessment - Reporting technology assessment - method, invention, innovation and creativity - meaning and differences.	1
10.	Invention, innovation and creativity - Innovation management, intellectual property management.	1
11.	Technology adoption, diffusion, and absorption - Technology adoption, diffusion and absorption, role of technology absorption- benefits.	1
12.	Technology adoption, diffusion, and absorption - Constraints in technology absorption, technology package and technological dependence.	1
13.	Technology adoption, diffusion, and absorption - Indian experience in technology absorption efforts, issues involved in the management of technology absorption and government initiatives.	1
14.	Development of technology - Development process and steps, managing Research & Development (R & D).	1
15.	Development of technology - Technology development and competition; reforms in technology development.	1
16.	Social issues in technology management - Technological change and industrial relations, Implementation of rationalization and automation in India.	1
	Pre final Examinations	2
	Total	18

Practical Schedule

Sl. No.	Practical	No. of classes
1.	Enlisting of technologies already transferred under five disciplines/ research project.	1

2.	Selection of technologies for observation of change attained and preparation of observation schedule	1
3.	Filed visit and interaction with clientele to collect data	1
4.	Filed visit and interaction with clientele to collect data	1
5.	Filed visit and interaction with clientele to collect data	1
6.	Analysis of data and preparation of report	1
7.	Presentation of report	1
8.	Group discussion on technology refinement/ sustainability issues	1
9.	Enlisting and description of technologies transferred by the concerned scientist/s during the semester	1
10.	Description of invention, innovation and creativity of the selected technology	1
11.	Description of transfer of technology model	1
12.	Design and development of transfer of technology process	2
13.	Presentation of technology transfer process	1
14.	Preparation and finalisation of work plan for participation in technology transfer	2
15.	Execution of work plan as per time line	1
16.	Analysis of technology adoption and diffusion stages	1
17.	Preparation of report on technology transfer	1
18.	Presentation of report	1
19.	Enlisting of technologies already transferred under five disciplines/ research project.	1
20.	Selection of technologies for observation of change attained and preparation of observation schedule	1
21.	Filed visit and interaction with clientele to collect data	1
22.	Filed visit and interaction with clientele to collect data	1
23.	Filed visit and interaction with clientele to collect data	1
24.	Analysis of data and preparation of report	1
25.	Presentation of report	1
26.	Group discussion on technology refinement/ sustainability issues	1
27.	Enlisting and description of technologies transferred by the concerned scientist/s during the semester	1
28.	Description of invention, innovation and creativity of the selected technology	1
29.	Description of transfer of technology model	1
30.	Design and development of transfer of technology process	1
	Lab final Examination	1
	Total	33

Learning Outcomes

After successful completion of the course, the students will be able to:

1. **Comprehend technology transfer perspectives**
2. Select and execute technology in accordance with the needs of community
3. Practice the management process
4. Analyse the stages of technology adoption, diffusion and absorption
5. Write the report on TTM

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Course Title : Dynamic Communication Skills

Course Number : HEE 603

Pre-requisite:

Nil Credit Hours : 3 (1-0-2)

Why this Course?

Academic success and career achievement depends much on communication and presentation skills. As master's student, the individual is expected to analyse, prepare and present the content in the class room, conferences and seminars and also write technically and scientifically. Hence dynamic communication includes both oral and written communication. This course builds awareness, understanding and framework for skill development in the qualities and attributes of presentational formats. This involves the voice and the body when used together with technologies to present ideas and concepts that not only inform but also seek to persuade and motivate.

Aim of the Course

1. To develop competency of students in effective oral communication skills.
2. To develop skills in science communication
3. To understand corporate and business communication.

Catalogue Description

UNIT I: Need and importance of communication in present context

Types of communication skills - Verbal, non-verbal and written communication; Types of corporate and business communication skills - oral presentations, group discussions, facing interviews, e-mail, memos, business letters, blogs, inter office memorandums, report writing; hard and soft skills; difference between hard and soft skills.

UNIT II: Scientific communication

Meaning; need and importance; fora of scientific writing - conference, seminar, symposium, workshop and colloquia; writing for scientific journals; thesis writing and writing articles for popular media; farm journalism and its importance in agriculture and allied sectors; science communication and formats for scientific writing; writing for scientific journals and their ratings; NAAS rating; impact factor and h-index; oral and poster presentation; reading and comprehension of - print and audio video media; general and technical articles.

UNIT III: Introduction to public speaking

Types of speeches - persuasive, informative, and motivational or inspirational speech; structuring the speech - introduction, body content and conclusion; effective delivery - voice

modulation, appearance during speeches and delivery; platform performance - posture, gesture, eye contact, emphasis, pause, voice pitch, overcoming fear and anxiety of public speaking; visuals in presentation - type of visuals for public speaking, tips for effective use, computer aided visual presentation, body language.

UNIT IV: Importance of listening

Introduction; listening styles - active and passive, direct and indirect listening, thinking and listening, adjusting listening style to that of speaker, social situations and listening; listening improvement techniques.

Lecture Schedule

Sl. No.	Lecture Topics	No. of classes
1.	Need and importance of communication in present context - Types of communication skills - verbal, non-verbal and written communication.	1
2.	Types of corporate and business communication skills - Oral presentations, group discussions, facing interviews, e-mail, memos, business letters, blogs, inter office memorandums, report writing.	1
3.	Hard and soft skills; difference between hard and soft skills.	1
4.	Scientific communication - Meaning; need and importance; fora of scientific writing - conference, seminar, symposium, workshop and colloquia.	1
5.	Writing for scientific journals, thesis writing and writing articles for popular media.	1
6.	Farm journalism and its importance in agriculture and allied sectors.	1

14.	An introduction to importance of listening.	1
15.	Listening styles - Active and passive, direct and indirect listening, thinking and listening.	1
16.	Adjusting listening style to that of speaker, social situations and listening; listening improvement techniques.	1
Pre final Examinations		2
Total		18

Practical Schedule

Sl. No.	Practical	No. of classes
1.	Orientation to NAAS rated journals related to respective discipline	1
2.	Enlisting relevant national and international journals	1
3.	Exercise on writing a review article on given topics	1
4.	Presentation of the topic	1
5.	Exercise on writing popular articles for newspapers, magazines and farm journals in english	2
6.	Presentation and group discussion	1
7.	Exercise on writing popular articles for newspapers, magazines and farm journals in vernacular language	1
8.	Presentation and group discussion	1
9.	Exercise on writing thesis in UAS format	1
10.	Presentation and group discussion	1
11.	Exercise on numbers, units, abbreviations and nomenclature	1
12.	Presentation and group discussion	1
13.	Scientific style and use of english in research paper	1
14.	Presentation and group discussion	1
15.	Exercise on writing business letters, e mail, blogs, internet etiquettes	1
16.	Presentation and group discussion	1
17.	Exercise on listening skills	1

18.	Presentation and group discussion	1
19.	Exercise on presentation skills	1
20.	Presentation and group discussion	1
21.	Exercise on writing for radio	1
22.	Presentation and group discussion	1
23.	Message preparation for SMS	1
24.	Practice on modalities of SMS dissemination	1
25.	Presentation and group discussion	1
26.	Learning skills of indexing, footnote and bibliographic procedures	1
27.	Presentation and group discussion	1
28.	Tips for public speaking	1
29.	Exercise on public speaking	1
30.	Organising public speaking- impromptu, extemporaneous, manuscript and memorized	1
31.	Evaluation of public speaking	1
	Lab final Examination	1
	Total	33

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Understand the importance of communication skills for goal achievement
2. Differentiate scientific writing from other writings
3. Write for different contexts and different media
4. Organise and present public speaking
5. Recognise the importance of NAAS rating for professional career

Teaching Methods / Activities

- Participatory lectures
- Assignment
- Simulation exercises
- Group discussions
- Organise public speaking
- Students' presentation

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Course Title : Climate Change Management

Course Number : HEE 604

Pre-requisite:

Nil Credit Hours : 2 (1-0-1)

Why this Course?

Geographically, every community is facing numerous challenges due to changes in the climate. This course provides students to address such challenges covering adaptation and mitigation solutions across a wide range of sectors and regions, with special reference to domestic management practices. It provides an opportunity to get exposed to climate change policies and prepares for climate change communication. It also creates a research question, gather and analyse data, and share findings academically and in lay terms.

Aim of the Course

1. To conversant students with CCM (Climate Change Management) and equip with managerial skills at home level
2. To generate interest for climate communication to cope up with climate changes.

Catalogue Description

UNIT I: Basics of climate and climate change

Introduction to climate and climate change - Definition and meaning; climate change classification; method of classification; general concept of environmental science; natural and manmade causes of climate change; affects for climate change; consequences risks and uncertainty of climate change; climate system; major predictions.

UNIT II: Greenhouse gases and global warming

Major greenhouse gases and sources; global warming effect and causes, responses to global warming; different views on greenhouse gases and global warming natural resource management; solid waste management; biodiversity; alternative livelihood security; drought prone technologies.

UNIT III: Climate change Impacts

Impacts on biodiversity - wetland, forest, agriculture, transportation, coastal area, water resources; global, national and regional impacts; vulnerability assessment; climate modeling.

UNIT IV: Climate change policy

Introduction; various policies in India; national action plan; sector specific policies and policies instruments; environment impact assessment; environment planning and management; climate resilient technology.

UNIT V: Climate change communication

Introduction - definition, perspectives and importance; engaging climate change communication; audiences; frames; values and norms.

UNIT VI: Visual communication on climate impacts and solutions

Theories of visual perception; classification and selection of visuals.

UNIT VII: Advocacy and communicating global climate action

National, international advocacy groups and organisations; strategies and programmes.

UNIT VIII: Role of stake holders

Media; scientific experts; policymakers; and academic institutions on climate change communication.

Lecture Schedule

1.	Visit to Climate management organization to understand strategies and observe the impacts	1
2.	Identification of climate management needs at home level and development of suitable technology- Apparel and Textiles	1
3.	Identification of climate management needs at home level and development of suitable technology- Food and Nutrition	1
4.	Identification of climate management needs at home level and development of suitable technology- General health	1
5.	Identification of climate management needs at home level and development of suitable technology-domestic appliances and arrangements	1
6.	Identification of climate management needs and development of suitable technology- Children and senior citizens.	1
7.	Identification of climate management needs and development of suitable technology- differently able	1
8.	Preparation of climate communication media – print	2
9.	Preparation of climate communication media – radio	1
10.	Preparation of climate communication media – video	1
11.	Preparation of climate communication media – blog/web writing	1
12.	Exhibition on climate change management	1

13.	Visit to climate management organization to understand strategies and observe the impacts	1
14.	Identification of climate management needs at home level and development of suitable technology- Apparel and Textiles	1
15.	Identification of climate management needs at home level and development of suitable technology- Food and Nutrition	1
	Lab final Examination	1
	Total	17

Learning Outcomes

After successful completion of the course, the students will be able to:

- Comprehend climate change affects species, societies and ecosystems and the consequences these changes can have on natural systems
- Have advanced knowledge about national and international climate policy and its application
- Knowledge of how the society can transform energy production and use in a more environmentally friendly direction
- Advanced knowledge of strategies, actions and tools for adapting to climate change and reducing greenhouse gas emissions at national and global level
- Critically assess different sources of information and use them to structure and develop an academic argument
- Identify climate management needs and prepare communication media products on versatile issues

Teaching Methods / Activities

- Lectures
- Assignment
- Field visit
- Product making
- Students' presentation

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Pre-requisite: Nil

Course Title : Global Extension Systems

Course Number : HEE 501

Credit Hours : 3 (3-0-

0) Why this Course?

India has the pre and post-independence history of extension programmes. In course of time many changes occurred in policies and plans based on ever changing needs. Based on lessons learned within the country and from other developing countries, all the time new efforts are being made making extension system more strategic. This course provides such information with an analytical perspective of Indian extension system in comparison with other countries over the globe. It will give an opportunity to the students to get an insight into the strengths and weaknesses of each of the system to mould themselves as policy contributors and planners.

Aim of the Course

1. To appraise students the perspectives of extension systems in India
2. To enable students for comparative analysis of Indian extension systems with other countries
3. To acquaint students with the extension systems in ICAR (Indian Council of Agriculture Research) and SAUs (State Agriculture Universities).

Catalogue Description

UNIT I: Orientation to extension systems

Early extension efforts; Indian extension systems - reforms, challenges of extension management in India; paradigm shift in extension systems; extension approaches in view of globalization and market liberalization; privatization of extension services – introduction, scope, advantages, limitations and experiences; decentralization of extension systems; revolution in extension systems.

UNIT II: Governance and extension systems

Indian governance and role of extension systems - retrospection on Indian governance; role of extension systems; ministries - rural development, agriculture, science and technology, human resource development, health, industries, education and women and child development; non government organization collaboration; review of five year plans.

UNIT III: ICAR extension system

History; extension system; organisational structure; policy issues; existing extension systems and challenges; national and regional institutions - vision, objectives, activities, innovations,

programmes; extension systems in SAUs - organisational structure, personnel, roles, innovations; SWOT analysis.

UNIT IV: Extension management and training organisations and institutions

FAO, IFAD (International Fund for Agricultural Development), IFRI (International Forestry Resources and Institutions), WFO (World Farmer's Organizations), WHO, *Bioversity International*, MANAGE, NIRD, (NIAM), NAARM, EEI, SAMETI, FTC.

UNIT V: Comparative analysis of extension systems

India with USA, UK, Israel, China, Pakistan, Bangladesh, Japan, Italy, South Africa, Indonesia, Philippines and Brazil - History, approaches, organizational structure, methodology, services, problems and research linkages.

Lecture Schedule

Sl. no.	Lecture topics	No. of classes
1.	Early extension efforts, Indian extension systems – Reforms, challenges of extension management in India, paradigm shift in extension systems.	3
2.	Extension approaches in view of globalization and market liberalization, privatization of extension services - Introduction, scope, advantages and limitations.	3
3.	Privatization of extension services – Experiences, decentralization and revolution of extension services.	3
4.	Retrospection on Indian governance, role of extension system, Ministry of Rural Development, Ministry of Agriculture and Farmers Welfare.	4
5.	Ministries of science and technology, human resource development and industries.	2
6.	Ministry of women and child development, ministry of health and family welfare.	2
7.	NGO collaboration; review of five year plans.	2
8.	History of extension systems in ICAR organisational structure; policy issues; existing extension systems and challenges; national and regional extension institutions – vision and objectives.	4
9.	National and regional extension institutions - Programmes and activities, National and regional extension institutions- Innovations and interventions, National and regional extension institutions- case studies and success stories.	3

10.	Extension systems in SAUs - Organisational structure, personnel and roles, Extension systems in SAUs – Role of extension in academic, research and training activities; innovative extension systems in SAUs- case studies.	3
11.	SWOT analysis of extension systems in SAUs. Extension management and training organizations and institutions- FAO, IFAD, IFRI, WFO (World Farmers" Organisation) and WHO.	3
12.	<i>Bioversity International</i> , MANAGE, NIRD.	2
13.	NIAM, NAARM, EEI, SAMETI, IFPRI and FTC	3
14.	Analysis of extension systems- India with USA, UK - History, approaches, organizational structure, methodology, services, problems and research linkages.	3
15.	Analysis of extension systems of India with Israel, China, Pakistan and Bangladesh- History, approaches, organizational structure, methodology, services, problems and research linkages. India with Japan, Italy - History, approaches, organizational structure, methodology, services, problems and research linkages.	4
16.	Comparative analysis of extension systems of India with South Africa, Indonesia, Philippines and Brazil - History, approaches, organizational structure, methodology, services, problems and research linkages.	4
	Pre final Examinations	2
	Total	50

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Comprehend different national and other global extension systems and their focus areas
2. Compare and analyse the differences in extension systems between nations in terms of their approaches and priorities
3. Explain extension systems in ICAR and SAUs
4. Conceptualise the challenges in execution of extension systems.

Teaching Methods / Activities

- Lectures
- Assignment
- Students" presentation

- Group discussion

Credit Hours : 3 (2-0-1)

Why this Course?

Globally, development communication is an approach for sustainable growth in versatile areas of quality life. Communication refers to the use of different types of media for the process of development, while development refers to the process of betterment of a society. Students specializing in Extension Education & Communication Management play multiple roles in the process of addressing various development issues pertaining to sustainable development goals, which the globe is looking at. This course imparts knowledge and skill to communicate responsive information aiming at feedback. The scope of innovation, creativity and continuity motivates students to make public programmes and policies real, meaningful and sustainable.

Aim of the Course

1. To familiarize students with global perspective of development communication issues
2. To impart analytical skills with regard to the process of development communication
3. To understand the role and use of media in attaining sustainable development goals.

Catalogue Description

UNIT I: Overview of development communication- Hypothetical concepts and theories- Press theories

Normative - Authoritarian, libertarian, social responsibility, democratic participant theory; sociological - uses and gratification, agenda setting; two-step flow; psychological; bullet theory; theories of persuasion and advocacy; critical theory of Frankfurt school; attitude change theories; political economy theory; critical cultural theory of Birmingham school and framing theory.

UNIT II: National and international perspectives of development communication

National and international perspectives; evolution of development communication concept; government and non-government initiatives; government and non-government organisations - FAO, UNDP, WHO, UNICEF, CARE and strategies.

UNIT III: Millennium Development Goals (MDGs) and Sustainable Development Goals (SDGs)

Achievements of MDGs - analytical review and recommendations; SDGs - document, vision and objectives; targets and strategies for implementation.

UNIT IV: Research perspectives of development communication

Emerging issues; measurable variables of development communication; existing research projects; research lag and supporting organisations.

UNIT V: Media initiatives for development communication:

Conventional and contemporary media technologies; globalisation and media convergence; ethical issues and media impact analysis.

Lecture Schedule

Sl. No.	Lecture topics	No. of classes
1.	Overview of development communication- Introduction to hypothetical concepts, theories, press theories, normative – Authoritarian.	2
2.	Libertarian and social responsibility theories.	2
3.	Democratic participant theory, sociological - uses and gratification	2
4.	Agenda setting and two-step flow theory.	1
5.	Psychological and bullet theory.	2
6.	Theories of persuasion and advocacy; critical theory of Frankfurt school.	2
7.	Attitude change theories, political economy theory.	2
8.	Critical cultural theory of Birmingham school and framing theory. National and international perspectives of development communication - evolution of development communication concept.	3
9.	Government and non-government initiatives; organisations and strategies – FAO.	2
10.	Organisations and strategies – UNDP and WHO.	2
11.	Organisations and strategies - UNICE F and CARE.	2
12.	Millennium Development Goals (MDGs) and Sustainable Development Goals (SDGs) - Achievements of MDGs - analytical review and recommendations.	2
13.	SDGs - Document, vision and objectives of SDGs.	1
14.	MDGs and SDGs- Targets and strategies for implementation. research perspectives of development communication - Emerging issues and measurable variables of development communication.	2
15.	Existing research projects; research lag and supporting organizations. Media initiatives for development communication - Conventional and contemporary media technologies, globalization and media convergence.	3
16.	Mass media and ethical issues; mass media impact analysis.	2
	Pre final Examinations	02
	Total	34

Practical Schedule

Sl. no.	Practical	No. of classes
1.	Research review on hypothetical concepts and theories of development communication	1
2.	Presentation on hypothetical concepts and theories of development communication	1
3.	Critical analysis of Sustainable Development Goals (SDGs)	1
4.	Report writing and presentation on critical analysis of SDGs	1
5.	Case study preparation focusing national and international organisation efforts for development communication.	2
6.	Presentation of national and international organisation efforts	1
7.	Critical review on ongoing development communication research projects respective to SAUs	1
8.	Presentation on ongoing development communication research projects	1
9.	Interaction with personnel and consumers of development communication projects and group discussion.	1
10.	Interaction with personnel and consumers of development communication projects and group discussion.	1
11.	Selection of contemporary media for development of communication issue, dissemination through existing channels of respective SAUs	1
12.	Analysis of contemporary media for development of communication issue	1
13.	Selection of contemporary media for development of communication issue, dissemination through existing channels of respective SAUs	1
14.	Analysis of contemporary media for development of communication issue	1
15.	Presentation of media analysis of the issue	1
	Lab final Examination	1
	Total	17

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Comprehend the theories and perspectives of development communication
2. Critically analyse SDGs in terms of niche research in development communication

3. Understand the process of development communication in various national and international organizations
4. Recognise the efforts of SAUs for development communication
5. Plan and disseminate communication media on development issues

Teaching Methods / Activities

- Lectures
- Assignment
- Publication Review
- Simulation exercise
- Media development and transmission
- Student presentation

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Pre-requisite: Nil

Course Title : Participatory Programme Management

Course Number : HEE 503

Credit Hours : 3 (1-0-

2) Why this Course?

In the context of community development, the participatory programme planning and management is a process by which a community undertakes to reach a given socio-economic goal by consciously diagnosing its problems and charting a course of action to resolve those problems. The belief behind participatory programme management is its capability in leading to increased productivity, motivation and quality assurance. This is very essential for students of all disciplines to learn, especially for those who will be undertaking change agent career. This course creates a learning experience for students to develop positive attitude towards management of programme with the participation of people, rather than working in isolation.

Aim of the Course

1. To orient the students towards principles, procedure and approaches of Participatory Programme Management (PPM)
2. To facilitate application of PPM techniques in field situation.

Catalogue	Description
------------------	--------------------

UNIT I: Overview to PPM

Concept; meaning; importance; types of participation in development; advantages and disadvantages of participation by different stakeholders; role of government and non profit organizations in promoting participation; conceptual framework of extension programme planning; objectives; principles and process.

UNIT II: Participatory planning

Concept; importance; process; techniques of participatory planning - RRA, PRA, PLA and their application in extension; approaches of participatory planning - cooperative, democratic, bottom up and top down.

UNIT III: Project management techniques

Administration of the project; concept of professional management - stakeholder analysis, force field analysis, SWOT analysis, logical framework analysis, Project Evaluation and Review Technique (PERT) and Critical Path Method (CPM).

UNIT IV: Monitoring and evaluation

Concept; meaning and importance of monitoring and evaluation; components of monitoring and evaluation - physical, financial, staff performance; technical aspects - output, outcome and

impact; trends in people's participation in monitoring and evaluation; contribution of Right to Information Act.

Lecture Schedule

Sl. no.	Lecture topics	No. of classes
1.	Overview to PPM - Concept, meaning and importance.	1
2.	Types of participation in development.	1
3.	Advantages and disadvantages of participation by different stakeholders.	1
4.	Role of government and non-profit organizations in promoting participation.	1
5.	Conceptual framework of extension programme planning; objectives, principles and process.	1
6.	Participatory planning - Concept, importance and process.	1
7.	Techniques of participatory planning - RRA, PRA, PLA and their application in extension.	1
8.	Approaches of participatory planning - Cooperative, democratic, bottom up and top down.	1
9.	Project management techniques - Administration of the project.	1
10.	Concept of professional management - Stakeholder analysis.	1
11.	Force field analysis and SWOT analysis.	1
12.	Logical Framework Analysis, PERT and CPM.	1
13.	Monitoring and evaluation - Concept, meaning and importance of monitoring and evaluation.	1
14.	Components of monitoring and evaluation - Physical, financial and staff performance.	1
15.	Technical aspects – Output, outcome and impact.	1
16.	Trends in people's participation in monitoring and evaluation; contribution of Right to Information Act.	1
	Pre final Examinations	2
	Total	18

Practical Schedule

Sl. no.	Practical	No. of classes
1.	Literature survey and research review on different perspectives of PPM	1
2.	Presentation of review reports.	1

3.	Observation of PPM techniques in SHGs (female groups)	1
4.	Observation of PPM techniques in SHG village federations	1
5.	Observation of PPM techniques in SHG mandal/block level federations	1
6.	Observation of PPM techniques in SHG district level federations	1
7.	Observation of PPM techniques in SHGs (male groups)	1
8.	Observation of PPM techniques in watershed management groups	1
9.	Preparation of case study and presentation	1
10.	Preparation of case study and presentation	1
11.	Preparation of case study and presentation	1
12.	Application of PRA methods – Critical analysis of different methods through research review- mapping techniques	1
13.	Application of PRA methods – Critical analysis of different methods through research review- ranking techniques	1
14.	Application of PRA methods – Critical analysis of different methods through research review- transaction techniques	1
15.	Application of PRA methods – Critical analysis of different methods through research review- focus group discussion	1
16.	Application of PRA methods – Critical analysis of different methods through research review- problem analysis	1
17.	Application of PRA methods – Critical analysis of different methods through research review- institutional analysis	1
18.	Preparation and implementation of home improvement work plans	1
19.	Preparation and implementation of home improvement work plans	1
20.	Critical evaluation of work plan	1
21.	Critical evaluation of work plan	1
22.	Application of project management technique- PERT	1
23.	Presentation of feedback on project management technique- PERT	1
24.	Application of project management technique – CPM	1
25.	Presentation of feedback on project management technique – CPM	1
26.	Application of project management technique- SWOT	2
27.	Presentation of feedback on project management technique- SWOT	1
28.	Application of project management technique- stake holder analysis	1

29.	Presentation of feedback on project management techniques-stakeholder analysis	1
30.	Application of project management technique- Logical framework analysis	1
31.	Presentation of feedback on project management technique- Logical framework analysis	1
	Lab final Examination	1
	Total	33

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Understand the underlying perspectives of PPM
2. Realise the importance of PPM for sustainable achievement
3. Acquire skill in observation of PPM techniques applied in different situations
4. Plan, apply and analyse PPM techniques and write reports

Teaching Methods / Activities

- Participatory lectures
- Assignment
- Simulation exercises
- Group discussions
- Preparation of work plans
- Publication Review
- Students' presentation

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Pre-requisite:

Nil Course Title : Organizational Development and Human Resource Development

Course Number : HEE 504

Credit Hours : 2 (1-0-

1) Why this Course?

Every organization caters to the needs of its customers. The best corporate thinking is leading the institution towards success by means of simplified processes and models. There are many frameworks and models available towards which the students are to be exposed to critically analyse the best means. The contemporary Human Resource Development (HRD) trends and process provide students professional skills in capacity building and employee motivation programme planning. Beyond this, the students as employees in any organization in future endeavors can be professionals as they acquire technical skills in identifying the required deliverables for the company.

Aim of the Course

1. To orient students with organizational development and provide diagnostic skills in HRD process.
2. To make students capable of applying the principles and techniques as professionals for developing human resources in an organization.

Catalogue Description

UNIT I: Introduction to organization development

Definition; scope and importance; relevance of organization development in community science; history of organizational development; revolution in organizational development; planned change - theories, models of planned change; general and specific.

UNIT II: Designing interventions for organisational development

Types; interpersonal and group process approaches - process consultation, third party evaluation; organisation process approaches - organization confrontation meeting, intergroup relations interventions, large group interventions; techno-structural interventions - engineering approach, motivational approach, socio-technical systems approach; human resource management interventions, performance management - goal setting, performance appraisal and reward systems.

UNIT III: Introduction to human resource development

Concept; relationship between human resource management and human resource development; HRD mechanisms - processes and outcomes; HRD matrix; HRD interventions; Roles and competencies of HRD professionals; challenges in HRD.

UNIT IV: HRD process

Assessing need for HRD; designing and developing effective HRD programmes; implementing HRD programs; evaluating effectiveness of HRD programs; HRD audit; HRD culture and climate; employee development activities - approaches, leadership development, action learning, assessment and development centres; intellectual capital and HRD.

UNIT V: HRD Trends

Coaching and mentoring; career management and development; employee counselling; Competency Mapping (CM); People Capability Maturity Model (PCMM); balanced score card; appreciative inquiry; integrating HRD with technology and employer branding and other emerging trends.

Lecture Schedule

Sl. no.	Lecture topics	No. of classes
1.	Introduction to organization development – Definition; scope and importance; history.	1
2.	Revolution in organizational development, relevance of organization development in community science.	1
3.	Planned change - Theories of planned change, models of planned change-general and specific.	1
4.	Designing interventions for organisational development – Types, interpersonal and group process approaches- process consultation, third party evaluation; organisation process approaches- organization confrontation meeting, intergroup relations interventions and large group interventions.	1
5.	Techno-structural interventions - Engineering approach, motivational approach Socio-technical systems approach; human resource management interventions; performance management- goal setting, performance appraisal, reward systems.	1
6.	Introduction to Human Resource Development – Concept, relationship between human resource management and human resource development.	1
7.	HRD mechanisms - Processes and outcomes, HRD matrix.	1
8.	HRD interventions, roles and competencies of HRD professionals.	1
9.	Challenges in HRD; HRD process - Assessing need for HRD.	1
10.	Designing and developing effective HRD programmes, implementing HRD programmes.	1
11.	Evaluating effectiveness of HRD programmes; HRD audit.	1

12.	HRD culture and climate, employee development activities- approaches, leadership development, action learning; assessment and development centres.	1
13.	Intellectual capital and HRD; HRD Trends - coaching and mentoring.	1
14.	Career management and development,; employee counseling-HRD trends	1
15.	Competency Mapping (CM), People Capability Maturity Model (PCMM).	1
16.	HRD trends- balanced score card; appreciative inquiry, integrating HRD with technology. Employer branding and other emerging trends.	1
	Pre final Examinations	2
	Total	18

Practical Schedule

Sl. no.	Practical	No. of classes
1.	Visit to an organization to study the models of planned change and preparation	1
2.	Presentation of report on models of planned change	1
3.	Research review and presentation of organizational interventions in national context	1
4.	Research review and presentation of organizational interventions in international context	1
5.	Collection of data/information and preparation of case studies on organizational interventions in health	2
6.	Collection of data/information and preparation of case studies on organizational interventions in education	1
7.	Collection of data/information on organizational interventions in welfare and preparation of case studies.	1
8.	Presentation of case studies.	1
9.	Study of existing HRD strategies of respective SAUs/institutions	1
10.	Analysis of existing HRD strategies of respective SAUs	1
11.	Analysis of existing HRD strategies of respective institutions	1
12.	Presentation of reports with recommendations	1
13.	Preparation of CM of the organization and planning for planned change	1
14.	Preparation of PCMM of the organization and planning for planned change	1
15.	Presentation of reports	1
	Lab final Examination	1
	Total	17

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Comprehend and differentiate organizational development processes and HRD strategies
2. Enlist, explain and prepare case study organizational development interventions in organisations
3. Analyse HRD strategies of organisations
4. Prepare CM and PCMM plan for planned change

Teaching Methods / Activities

- Lectures
- Assignment
- Field visit
- Case study writing
- Publication Review
- Student's presentation

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Pre-requisite: Nil

Course Title : Educational Technology

Course Number : HEE 505

Credit Hours : 3 (2-0-

1) Why this Course?

Educational technology is a process of adopting modern technology for quality education. This primarily focuses on the educational values of the tools and applications, and later how adequate they are in acquisition of knowledge. Both theoretical and practical inputs are taught to the students in to this course, mold them for effective learning at present and proficient instructors in future endeavors. Rational exposure to conventional and contemporary educational approaches and strategies will help the students for self learning as well promote learning.

Aim of the Course

1. To sensitize students towards the role of educational technology for effective teaching and learning
2. To build competency as a teacher and public speaker
3. To enable self learning among students for application of education technology.

Catalogue Description

UNIT I: Overview of educational technology

Meaning; concepts and scope of educational technology; curriculum design and development; lesson planning; concept and methodology; modularised instruction - fundamentals, process, formulation of objectives, selection of media, field testing and evaluation of module.

UNIT II: Teaching learning process

meaning and characteristics of teaching and learning; maxims of teaching - stages, forms and levels of teaching and learning; motivation - concept, importance and techniques; teaching styles - expert, formal authority, personal model, facilitator, delegator; learning styles - visual, aural, read/write, Kinaesthetic (VARK).

UNIT III: Teaching learning strategies

Microteaching; programmed instructions; simulation role-play; team teaching; experiential learning; traditional media; ICT applications in education; multimedia based teaching and learning.

UNIT IV: Current education

Genesis and trends; management of formal and non formal education in india; vocationalization of education; distance education; guidance and counselling; Innovative instructional aids - web instruction, e learning, virtual laboratories.

UNIT V: Educational technology for differently able

Visual impaired script - advances in braille; hearing impaired - advances in indian sign language; people with special needs - educational programs and government policies.

UNIT IV: Evaluation

Question bank; introduction to evaluation - need and importance in education appraisal of teacher performance; development of question bank; evaluation of instructional effectiveness; competency based question paper; reliability and validity of question papers.

Lecture Schedule

Sl. no.	Lecture topics	No. of classes
1.	Overview of educational technology- Overview of educational technology, meaning, concept and scope of educational technology, curriculum design and development.	2
2.	Overview of educational technology-Lessonplanning, concept and methodology.	2
3.	Overview of educational technology- Modularised instruction- fundamentals, process, formulation of objectives, selection of media, field testing and evaluation of module.	2
4.	Teaching learning process- Meaning and characteristics of teaching and learning, maxims of teaching- stages, forms and levels of teaching and learning	3
5.	Teaching learning process-Motivation- concept, importance and techniques; teaching styles- expert, formal authority, personal model, facilitator and delegator.	2
6.	Teaching learning strategies- Learning styles- visual, aural, read/write, kinaesthetic.	1
7.	Teaching learning strategies- Microteaching, team teaching - programmed instructions, simulation role-play.	3
8.	Teaching learning strategies-Experiential learning and traditional media.	1
9.	Teaching learning strategies-ICT applications in education; multimedia based teaching and learning.	2
10.	Genesis and trends in modern education-Management of formal and non formal education in India; vocational education.	2
11.	Genesis and trends in modern education-Distance education, guidance and counselling.	2

12.	Educational technology for differently able-Innovative instructional aids - web instruction, e-learning, virtual laboratories. Educational technology for differently able-Visual impaired- advances in braille script.	2
13.	Educational technology for differently able-hearing impaired- advances in Indian sign language, people with special needs- educational programmes and government policies.	2
14.	Introduction to evaluation- need and importance in education; development of question bank.	2

Practical Schedule

Sl. no.	Practical	No. of classes
1.	Identification of key terms in educational technology and preparation of directory	1
2.	Critical analysis of UG and PG curriculum of Community Science in relation to course objectives	2
3.	Research review on planning and implementation of lesson planning	1
4.	Presentation of research review report	1
5.	Preparation of lesson plan	1
6.	Conducting class as per lesson plan and self and peer evaluation	1
7.	Preparation of inventory for identification of teaching styles and execution	1
8.	Preparation and presentation of report	1
9.	Preparation of inventory for identification of learning styles and execution	1
10.	Preparation and presentation of report	1
11.	Construction of objective questions- Multiple choice, fill in the blanks	1
12.	Construction of competency based question paper- Matching, technical terms	1

13.	Construction of subjective questions- Short type	1
14.	Construction of subjective questions- Essay type	1
15.	Analysis of questions in terms of competency evaluation- Knowledge, memory, application and analysis	1
	Lab final Examination	1
	Total	17

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Comprehend conventional and contemporary trends of educational technology for various groups of learners
2. Analyse critically the course curriculum and lesson planning in terms of reaching course objectives
3. Prepare and execute inventory to identify learning styles
4. Construct competency based objective and subjective question papers

Teaching Methods / Activities

- Lectures
- Assignment
- Publication Review
- Survey and analysis
- Mock sessions
- Student presentation
- Group discussion

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Course Title : Group Dynamics

Course Number : HEE 506

Pre-requisite:

Nil Credit Hours : 2(2-0-0)

Why this Course?

Group approach is proved to be the effective strategy as well an approach for execution of extension interventions through participation. By orienting students who are pursuing expertise in the field of extension education towards group behavior and its dynamics they can accelerate the participatory development processes by means of team and conflict management. Further, group dynamics is a system of behaviors and psychological processes occurring within a social group or between social groups i.e intra and intergroup dynamics. Hence, it will be useful in understanding decision-making behaviour, forms of social prejudice and discrimination, which are some of the major influencing factors of human development.

Aim of the Course

1. To develop understanding about group behavior and dynamics for effective communication and group management
2. To acquaint students with techniques for sustainable group dynamics.

Catalogue Description

UNIT I: Introduction to group and group dynamics

Meaning; characteristics; types and functions of groups; stages and process of group formation; group norms and structure; values; ethics; and morals.

UNIT II: Understanding group behaviour

Definitions; theories - social comparison, cognitive dissonance, self presentation, drive, social impact, self attention, social cognition theories; individual; interpersonal and human behaviour and dimensions.

UNIT III: Group dynamics

Cooperation; competition; communication; group pressure; group cohesiveness; group leadership; measurement of group dynamics - tools and techniques; group break down - causes and solutions; strengths; weaknesses and myths; crowds and the mob mentality; diversity and difference; group dynamic skills - training and development.

UNIT IV: Managing group

Team building; conflict management; stress management; active listening and feedback; achieving cooperative group structure.

UNIT V: Understanding collective action in groups

Collective action meaning; theories and applications; incentives for collective action; research reviews on collective action for sustainable group dynamics.

Lecture Schedule

Sl. No.	Lecture Topics	No. of classes
1.	Introduction to group and group dynamics - Meaning and characteristics of group and group dynamics, types and functions of groups.	2
2.	Stages and process of group formation, group norms and structure.	2
3.	Values, ethics, and morals, understanding group behaviour– definitions	2
4.	Group behavior theories- Social comparison, cognitive dissonance, self presentation, drive and social impact.	2
5.	Self attention and social cognition theories	2
6.	Individual, interpersonal and human behaviour and dimensions. Group dynamics- concept and indicators of cooperation.	2
7.	Concept and indicators of competition; concept and indicators of communication.	2
8.	Concept and indicators of group pressure and group cohesiveness.	2
9.	Concept and indicators of group leadership, measurement of group dynamics - tools and techniques.	2
10.	Group break down - causes and solutions, strengths, weaknesses and myths	2
11.	Crowds and the mob mentality, diversity and difference.	2
12.	Group dynamic skills - training and development. Managing group - Team building	2
13.	Conflict management and stress management.	2
14.	Active listening and feedback, achieving cooperative group structure.	2
15.	Understanding collective action in groups - Collective action meaning, theories and applications.	2
16.	Incentives for collective action, research reviews on collective action for sustainable group dynamics.	2
	Pre final Examinations	2
	Total	34

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Analyze the features and developmental stages of groups and team process
2. Critically evaluate the theoretical concepts of group behaviour in real situation
3. Able to measure group dynamics
4. Demonstrate group dynamic skills
5. Apply problem-solving skills and higher level thinking strategies

Teaching Methods / Activities

- Participatory lectures
- Assignment
- Demonstration
- Role play
- Presentation
- Research review

Course Title	: Community Development and Outreach		
Course Number	: HEE 507	Pre-requisite:	Nil
Credit Hours	: 3(2-0-1)		

This course prepares students for an interdisciplinary field working. It teaches facilitation and organizing a grassroots effort, equipping with skills to empower a local, regional or international community to bring about change. A real-world experience through the programmes will benefit strong connections in and with the community and communicate effectively with local groups as well as public and private agencies. It builds skills for critical thinking in matters of social justice, sustainable development, community engagement, community asset-mapping, fundraising, team building, collaborative leadership, project management, research and project evaluation.

1. To orient students with community development and outreach perspectives
2. To impart participatory research skills
3. To handle a special project for analysis of community development outreach.

Definition, issues and concepts; historical perspective of community development in India and emerged changes since inception to current era.

Approaches - concept and characteristic features of Gandhian approach, community development approach, sectoral approach, target approach, area approach, minimum need approach, integrated or holistic approach, participatory development approach; Strategies - multipurpose strategy, growth oriented strategy and spatial planning strategy; the modernization theory; human development model (components, HDI, ranking, gender related development index, HPI)

Community participation - definition and scope; inclusion; equality; collective action; empowerment and community development process; provision of information; identification of felt needs and common issues; consultation for shared vision; mobilisation for action; reflection and evaluation.

UNIT IV: Community development and governance in India

Community development policy in India; community development perspectives in five year plans.

UNIT V: Cross cutting edges of community development

Horizontal edges - education, health, women empowerment, skill development, agriculture and caste occupations; vertical edges - adults, youth, adolescents, children, pregnant and lactating mothers, physically and mentally challenged.

UNIT VI: Outreach of community development

General orientation to outreach models- precede model, evaluation and indicator metrics; outreach of urban; rural and tribal community development programmes; impact - economic and social perspectives.

UNIT VII: Globalisation impact on community development

Impact on social forms - individualism, enclavism and fatalism, transition between **gemeinschaft** and **gesellschaft**, issues of migration and mitigation.

Lecture Schedule

Sl. No.	Lecture Topics	No. of classes
1.	Community development - definition, issues and concepts; historical perspective of community development in India and emerged changes since inception to current era.	2
2.	Approaches- Concept and characteristic features - Gandhian approach, community development approach.	2
3.	Sectoral and target approach.	1
4.	Area and minimum need approach.	1
5.	Integrated or holistic approach; participatory development approach.	2
6.	Strategies - multipurpose strategy, growth oriented strategy and spatial planning strategy.	2
7.	Key principles of community development - community participation- definition and scope; inclusion, equality and collective action.	2
8.	Empowerment and community development process; provision of information; identification of felt needs and common issues.	2
9.	Consultation for participation shared vision; mobilisation for action; reflection and evaluation.	2
10.	Community development and governance in India-Community development policy in India, community development perspectives in five year plans.	3
11.	Community development issues- Horizontal issues - education, health, empowerment, vocational and skill development, agriculture and caste occupations.	3
12.	Community development issues- Vertical edges - adults, women, youth,	2

	adolescents, children, pregnant and lactating mothers; physically and mentally challenged	
13.	Outreach of community development - General orientation to outreach models - precede model.	2
14.	Evaluation and indicator metrics; outreach of urban, rural and tribal community development programmes.	2
15.	Impact- Economic and social perspectives; globalisation impact on community development - impact on social forms – individualism.	2
16.	Enclavism and fatalism, transition between gemeinschaft and gesellschaft (community and society) , issues of migration and mitigation.	2
	Pre final Examinations	2
	Total	34

Practical Schedule

Sl. No.	Practical	No. of classes
1.	Selection of community development programme and detailed description of the programme in terms of objectives, targets, inputs, expected outputs and outcome	2
2.	Visit to programme operating area and interaction with stakeholders- implementing agency, personnel and beneficiaries	2
3.	Visit to programme operating area and interaction with stakeholders- implementing agency, personnel and beneficiaries	2
4.	Framing of special project for measurement of outreach – title, objectives, study area, research review and plan of work	2
5.	Finalisation of tools and techniques for execution of project	1
6.	Finalisation of tools and techniques for execution of project	1
7.	Preparation of tools for execution of project	1
8.	Field testing and finalization of tools	1
9.	Execution of work plan	1
10.	Data analysis and preparation of project report	1
11.	Data analysis and preparation of project report	1
12.	Presentation of report	1
	Lab final Examination	1
	Total	17

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Comprehend and differentiate organizational development processes and HRD strategies
2. Critically analyse different approaches of community development

3. Plan and execute special project
4. Analyse the results and write report
5. Write research papers based on the special project

Teaching Methods / Activities

- Lectures
- Assignment
- Field visit
- Case study writing
- Special project
- Publication Review
- Students' presentation

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Course Title : Gender Sensitization for Empowerment

Course Number : HEE 508

Pre-requisite:

Nil Credit Hours : 2 (2-0-0)

Why this Course?

This course provides sensitivity among the students towards involvement of women in decision making processes in all aspects of economic, political, social and cultural life as active administrators, decision makers, participants and beneficiaries. It also provides skill to identify lapses in gender equity and equality like sex ratio, employment and wages, literacy and education and health. With this perspective they can play an active role in issues of national interest like gender budgeting, gender accounting and gender analysis frame work.

Aim of the Course

1. To sensitize students towards gender perspectives and development, legal rights and using gender tools and methodologies
2. To enhance students' capability for identifying and analyzing gender issues in family/home, community, agriculture and allied sectors.

Catalogue Description

UNIT I: Overview of gender

Concept; meaning and related terms; gender sensitization - concept, meaning and importance of gender sensitization; gender and empowerment - meaning, definitions and need; gender issues in home - community and organization.

UNIT II: Gender issues

Gender issues and challenges in development; understanding gender and subordination of women; gender as a development tool; policy approaches for women development; gender perspectives in development of women - roles, responsibilities, access and control over resources, constraints and opportunities.

UNIT III: Gender tool kit for assessment of gender empowerment

Gender budgeting and gender analysis framework - context, activities, resources and programme action profile; concept of GDI, GEM, GSI; national and regional indicators.

UNIT IV: Gender issues and development

National policy for empowerment of women since independence; interventions to enhance women's empowerment at individual; community and national level; livelihood implications of gender- health and nutrition, agriculture, violence, governance, education, media and legal issues.

Lecture Schedule

Sl. No.	Lecture Topics	No. of classes
1.	Overview of gender - Concept, meaning and terminology.	2
2.	Gender sensitization - concept, meaning and importance of gender sensitization.	2
3.	Gender and empowerment - meaning, definitions and need.	2
4.	Gender issues in home, community and organization.	2
5.	Gender issues - gender issues and challenges in development.	1
6.	Understanding gender and subordination of women.	1
7.	Gender as a development tool, policy approaches for women development.	2
8.	Gender perspectives in development of women - roles, responsibilities, access and control over resources, constraints and opportunities.	2
9.	Gender tool kit for assessment of gender empowerment - Gender budgeting and gender analysis framework- context, activities, resources and programme action profile.	3
10.	Concept of GDI, GEM, GSI; international, national and regional indicators.	3
11.	Gender issues and development - national policy for empowerment of women since independence.	2
12.	Interventions to enhance women's empowerment and leadership at the individual level.	2
13.	Interventions to enhance women's empowerment and leadership at the community level.	2
14.	Interventions to enhance women's empowerment and leadership at the national level.	2
15.	Livelihood implications of gender, health and nutrition, agriculture, violence and governance.	2
16.	Education, media and legal issues.	2
	Pre final Examinations	2
	Total	34

Learning Outcomes

After successful completion of the course, the students will be able to:

1. Comprehend gender issues and challenges for development
2. Realise the need for modification of behavior by raising awareness of gender equality concerns
3. Examine their personal attitudes, beliefs and questioning the 'realities' they thought they know

Teaching Methods / Activities

- Participatory lectures
- Assignment
- Mock sessions
- Publication Review
- Student presentation

**DEPARTMENT OF EXTENSION EDUCATION & COMMUNICATION
MANAGEMENT**

Course Title : Research Methodology in Community Science

Course Number : HEE 581

Pre-requisite: Nil

Credit Hours : 3 (2-0-1)

Why this Course?

Research methodology course provides an initial background and an outline of carrying out the research for the students. The researcher knows the details of the research approaches, types and the methods used in conducting research. It also provides a detailed plan that helps to keep researchers on track, making the process smooth, effective and manageable. The course will make students learn to report research findings in a scientific way which is very important from research publication point of view in current scenario.

Aim of the Course

1. To understand the various types of educational research and research design, techniques and their application.
2. To develop an understanding and competence to write a research proposal, thesis and research paper.

Catalogue Description

UNIT I: Research and its types

Research - Meaning, importance, objectives, characteristics and problems in research; need for community science research. Types of research- fundamental, applied, action, exploratory, descriptive, diagnostic, historical, experimental and analytical.

UNIT II: Steps in scientific research

Selection of research problem and objectives; review of literature - importance and methods of literature survey; concept, variables and hypothesis; research design - meaning, need, features, and types; sampling, types of sampling and sampling techniques; data collection - classification of data, qualitative and quantitative methods.

UNIT III: Data collection methods

Methods of data collection - observation, interview, questionnaire, case study, focused group discussion; Participatory Rural Appraisal techniques - mapping, matrix ranking, time line, and seasonal calendar. Processing and analysis of data.

UNIT IV: Measurement and data processing

Levels of measurement and concept of reliability and validity;
processing and analysis of data.

UNIT V: Report writing and research ethics

Scientific report writing- meaning, guidelines for presenting data, summary techniques, conclusion, recommendations and reference citation.

UNIT VI: ICT in research

Application of Information and Communication Technology (ICT) in research.

Lecture Schedule

Sl. no.	Lecture topics	No. of classes
1.	Research: Meaning, importance, objectives, characteristics and problems in research. Need for community science research.	2
2.	Types of research: fundamental, applied, action, exploratory, descriptive, diagnostic, historical, experimental and analytical.	3
3.	Steps in scientific research : an overview	1
4.	Selection of research problem and objectives	1
5.	Review of literature: importance and methods of literature survey	2
6.	Concept, variables and hypothesis	3
7.	Research Design : meaning, need, features, and types	3
8.	Sampling, types of sampling and sampling techniques	3
9	Data Collection : classification of data, qualitative and quantitative methods	1
10.	Methods of data collection : observation, interview, questionnaire, case study, focused group discussion	2
11.	Participatory Rural Appraisal techniques : mapping, matrix ranking, time line, seasonal calendar	3
12.	Levels of measurement and concept of reliability and validity	2
13.	Processing and analysis of data	2
14.	Scientific report writing: meaning, guidelines for presenting data, summary techniques, conclusion, recommendations and reference citation	2
15.	Research ethics and plagiarism	1
16.	Application of Information and Communication Technology (ICT) in research	1
Pre final Examinations		2
Total		34

Practical Schedule

Sl. no.	Practical	No. of classes
1.	Selection of research problem and formulation of objectives	2
2.	Conduct of literature survey	2
3.	Outline of research work and hypothesis formation	2
4.	Data collection methods -development of observation guide, interview schedules, questionnaire and conduct of focused group discussion	4
5.	Review paper writing	2
6.	Formulation of research project proposal	3

7.	Presentation of research project proposal	1
Lab final Examination		1
Total		17

Learning Outcomes

After successful completion of this course, the students will be able to-

1. Understand the types of research, research design, data collection techniques and research application.
2. Identify research problem, research objectives and formulate hypothesis.
3. Gain knowledge and skills for thesis, research/review paper writing and formulation of research projects.

1. Eligibility Qualifications

Ph.D. in Management

Masters' Degree or equivalent in Business Administration/ Management

The candidate, in addition to possessing above qualification, need to fulfill the conditions mentioned hereunder. Further they have to qualify all the components of admission test and secure a place in the merit list so as to be eligible for admission:

(a) At Master's level, the candidate should have secured an OGPA not less than 6.500/10.000 or 4.000/5.000 or Ist Division in case of the Universities where these grading scales are not applicable. At Bachelor's level the candidate must possess an Overall Grade Point Average of not less than 6.000/10.000 or 3.000/5.000 or 55% marks in aggregate in case of the Institutions/Universities where these grading scales are not applicable.

(b) At Master's level only a relaxation of 5% marks, or an equivalent relaxation of grade, will be allowed to those belonging to SC/ST/OBC (non-creamy layer)/Differently-abled categories of candidates.

2. Selection Procedure

"The candidate will have to appear either in common Admission Test (CAT) or Common Management Admission Test (CMAT) conducted by respective agencies." CABM will use CAT/CMAT score for short listing the candidates for its Ph.D. in Management programs. These short listed candidates will have to appear for further screening on the basis of Research Proposal Presentation and Personal Interview at CABM, Pantnagar on specified date(s).

The candidates willing to take admission in Ph.D. in Management programme will have to apply separately to CABM, Pantnagar through online admission portal with URL: <http://www.gbpuat.in>.

(Admission Committee has the right to conduct or wave off or modify Research Proposal Presentation and Personal Interview part of the Selection Process as per situations prevailing at that time in the country/state.)

3. Number of Seats

Number of Seats in Ph.D. in Management programme in session 2023 – 24 are 04 (02 + 02).

Fifty percent of the total seats available for the Ph.D. in Management programme would be reserved for candidates from Uttarakhand and 50 percent for candidates from Other States. In case of seats of Other-States remain vacant; they will be filled from the candidates of Uttarakhand State and vice-versa.

Financial Aid/Bursaries/Scholarships

Two fellowships are to be awarded of Rs. 6000/- per month on the basis of merit to the eligible students admitted in each discipline for period of 36 months. If the total number of fellowships thus provided is not utilized due to any valid reasons whatsoever, the University shall be free to redistribute the allocation of the vacant fellowship position and award the same to other students who could not be granted fellowship in the first instance due to the aforesaid restriction of two fellowships in each

discipline. However, this latter award shall be based on academic rating and shall be made after all admission in question have been made for the academic year.

4. Sponsored Candidates: Sponsored students under the following categories will be admitted over and above the present sanctioned strength of 04 seats on the following basis:

Foreign students: Over and above the sanctioned seats, two seats in Ph.D. programmes shall be available to Foreign Nationals (Candidates) on Payment of an institutional fee of US\$5000 per year. In addition to it, they will have to pay US\$ 2000 per year to College of Agribusiness Management as programme fee. Foreign students shall not be required to appear in the Entrance Examination. They shall be admitted subject to fulfillment of minimum eligibility qualification and conditions.

Candidates sponsored by GBPUAT, Pantnagar/ Development Departments of State Government/ Applicants entitled to fellowship based on National Selection (UGC/ICAR): Over and above the sanctioned seats, two seats in Ph.D. are reserved for the candidates sponsored by the G.B. Pant University of Agriculture and Technology, Pantnagar and Development Departments of State Government, in addition to existing seats, subject to the following conditions:

(a) Applicants who have earned entitlement to fellowship based on National Selection (UGC/ICAR) and the sponsored staff candidates of GBPUAT, Pantnagar and Development Departments of State Govt. are not required to appear in Entrance Examination. They shall be admitted subject to fulfillment of minimum eligibility qualification and conditions.

5. Reservation

Seats for OBC, SC and ST candidates are reserved as per the reservation policy of the State Government of Uttarakhand, implemented by the University. Candidates claiming reservation shall be required to submit appropriate certificate as per Annexure-I, at the time of Research Proposal Presentation/ Personal Interview, failing which they shall be treated in general category only. Any subsequent claim for reservation shall not be entertained. For getting reservation under OBC category the certificate should not be issued earlier than March 2020.

6. Candidates from States other than Uttarakhand

A candidate falling in either of the following categories will be considered in 'Other State' category:

- a. A candidate who is a permanent resident outside Uttarakhand since birth, as specified in the domicile certificate, or
- b. A candidate whose permanent address is outside the Uttarakhand State, unless he submits domicile certificate of Uttarakhand at the time of Research Proposal Presentation / Personal Interview, or
- c. A candidate who has completed his qualifying examination from outside the Uttarakhand State unless he submits domicile certificate from Uttarakhand at the time of Research Proposal Presentation / Personal Interview.

Note: The candidates who have completed their qualifying degree from G. B. Pant University of Agriculture and Technology will be treated as domicile of Uttarakhand for admission to Ph.D. in Management program as per G. O. No. 350/XIII – I/ 30 (2)/ 2001 dated 06/07/08 and 218/ Krishi evam Jalagam/ 2004 dated 28.02.2004, and as per resolution adopted by the Academic Council in its 338th meeting.
